NTN Service Request Form

This form will serve to acknowledge an increase of services performed by New Tech Network. The services below will be performed in addition to the active Agreement between Davis Joint Unified School District and New Tech Network Inc., executed on 6/1/2018. All other terms of the current NTN agreement remain unchanged and apply to these additional services.

Additional Services

School: Davis Joint Unified School District

Service Dates: SY2019-20, *requested October 24-25, 2019*

NT Practices Training	Support Package includes: <ul style="list-style-type: none"> • 2-days onsite facilitation • 1-day of travel • 1-day of remote follow up support 	New Tech Practices A 60-day engagement for teaching and fostering Deeper Learning Skills at a school, using four key components: (1) New Tech Learning Outcome Rubrics, (2) Student-centered teaching practices aligned to the outcomes, (3) Faculty Collaboration, and (4) Evidence of Student Work. In the classroom, students use learning outcome rubrics to set goals, and the teacher facilitates interactive, student-centered lessons that allow for observation of student performance in the learning outcomes. Students also reflect upon their own performance at the end of each lesson. These are called "Bookend Lessons", because the lesson is bookended by student reflection of the learning outcome rubrics. Outside of the classroom, NT Practices involves teachers using collaboration protocols to share and refine their lesson plans and using student work to analyze their practice. Service includes: <ul style="list-style-type: none"> • A 2-day training in (a) Use of Rubrics (b) Student Centered Teaching Methods (c) Use of collaborative protocols for faculty and (d) assessment practices. • Access to Echo (Explore Space domain) during training and 60-day period • 1-hour checking-up/note-adding from NTN personnel on the notes created by the team from their faculty meeting(s) (this requires no preparation or follow-up). • An optional follow-up visit from New Tech to gauge success and collaborate around next steps.
------------------------------	---	--

The cost for this additional support package is \$8,300. NTN will invoice district upon receipt of signed form.
