Are you an incumbent Delegate? ☒ Yes ☐ No | If yes, year you became Delegate: 2017

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

My interest in continuing on as the Region 6A Delegate is to fulfill the mission and goals of CSBA as a leader in CA education policy and practice. With over 20 years in the education field as a teacher, school social worker, district administrator, senior policy advisor to CA Senate President Pro Tem Darrell Steinberg working with advocates and stakeholders on the LCFF, currently as a children's advocate and most importantly as a mother of 2 in the public school system, I bring a unique and well-rounded set of experience, skills and expertise grounded in education practice and policy to the Delegate Assembly.

On balance, I have direct line and management experience, having worked in a school district that was under state receivership. In addition to this I have spent over 7 years with the CDE developing and implementing policies and practices that improve the education of students. I pride myself as a school based social worker who ascribes to a theory of change that integrates practice with policy and develops policy that is practical. I have worked with State agencies in budget and policy development to assist in their governance roles and believe that these skills are an asset to the CSBA Delegate Assembly and leadership.

Please describe your activities and involvement on your local board, community, and/or CSBA.

I have spent my professional career as an education equity advocate and have had the privilege in the past to work with CSBA to help districts understand the impact of LCFF on local practice and student achievement. I have had the honor of being selected to participate in the CSBA equity network, Legislative committee and various smaller focus and discussion groups related on the impacts of policy on school districts. I have often been called upon by CSBA staff to provide the voice of school board members on various state policies.

I also had the privileges of being the most recent past president of WUSD and led the board in a deepened governance framework laser focused on equity and practice, adopting an clear WUSD equity plan and a strategic board plan that was embedded with this vision. Locally I have been part of the PTO, Girl Scouts leadership, coached U8 girls soccer and regularly participate martial arts training with youth and adults.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

One of the biggest challenges is fully implementing the LCFF with program fidelity and fiscal integrity. As the SBE finalizes rubrics, policies, and evaluation metrics, schools are asked to attempt to fulfill the intention of the LCFF through comprehensive local engagement of stakeholders to try to meet the 8 priority areas without clear guidance. This is in addition to fulfilling new unfunded mandates that are adopted by the Legislature and Governor.

CSBA can help build the governance capacity for school boards to fulfill the promise of LCFF while balancing and ensuring the voice of the local subsidiary voice of school boards. By helping to build this capacity, CSBA can help its members better prepare for the changing needs of State and Federal education politics and ensuring that we have a key seat in those discussions.

Submit biographical sketch form only once, do not send multiple times. E-mail: nominations@csba.org, or fax to (916) 371-3407, or US Mail to: CSBA Exec. Office | Attn: DA Elections | 3251 Beacon Blvd., West Sacto, CA 95691 by the deadline: Tues. Jan. 7, 2020.
