Subject: PUBLIC COMMENT 10/1/20

Please read this public comment instead please, disregard the previous email. Thank you.

Hi,

My name is Lupita Torres and I am a concerned parent. These meetings are inaccessible to unduplicated students and parents of unduplicated students. This is almost unethical. The program you use to stream the video, Granicus, does not work on my computer. I do not have cable TV at home. Most families that are low-income cannot afford cable. Please use Zoom to conduct your meetings, similar to what other districts, cities, and counties are using so that parents can have the ability to make live public comments please.

I do appreciate greatly that you all have incorporated the use of texting for some families who may not have connectivity or access to emails, including English learners. I would like to thank the board for considering Ethnic Studies, and working with the Native families to bring the much needed Title 6 Grant for the Native Youth in Davis. Thank you!

I would like to ask that the board consider re-opening the Resource Center at MME, and providing technical supportive services on site for all district families that may need in-person assistance with chrome books or any other form of technical support. This would greatly benefit not only unduplicated students, but other families that are not able to access the district office during the pandemic.

On another note, I noticed that there were no complaints from any of the school districts according to the Williams Uniforms Complaints. If the district would be so kind as to let the public and the parents in DJUSD know how to make formal complaints: where to obtain the forms and where the forms can be sent, we would really appreciate. Thank you very much and have a good night...

Sincerely,
Lupita
