THIS PROFESSIONAL SERVICES AGREEMENT (the "Agreement") is made and entered into as of May 4, 2019 (the "Effective Date") by and between the Davis Joint Unified School District, a public school district of the State of California (the "District"), and Hibser Yamauchi Architects, Inc. ("Provider"). The District and the Provider are collectively referred to in this Agreement individually as "Party" and collectively as the "Parties." This Agreement is made with reference to the following facts:

WHEREAS, the District requires services and/or advice of a highly specialized and technical nature in connection with certain financial, economic, accounting, consulting and/or administrative matters and such services and advice are not available within the District and cannot be performed satisfactorily by District employees; and

WHEREAS, Provider possesses the necessary expert knowledge, experience, and ability to perform services not available through District personnel, and Provider is specially experienced and competent to provide to the District certain specialized services and/or advice in one or more of the foregoing areas; and

WHEREAS, the District desires to engage Provider pursuant to Government Code Section 53060 because of Provider's special expertise and experience, and Provider desires to be engaged by the District; and

WHEREAS, the District and Provider desire to reduce to writing the terms and conditions of the District's engagement of Provider; and

NOW, THEREFORE, in consideration of the mutual covenants set forth below, the Parties hereby agree as follows:

ARTICLE 1. SERVICES TO BE PERFORMED BY PROVIDER

Section 1.1 Performance Of Services.

Provider agrees to perform services for the District as described in Appendix A to this Agreement (the "Services") and shall provide other services as may be requested by the District from time to time.

Section 1.2 Method Of Performance And General Supervision.

Provider will determine the methods, details, and means of performing the Services required by this Agreement. Subject to the foregoing, the District retains the right to inspect, to stop work, to prescribe alterations and generally to monitor Provider's work to ensure its conformity with the terms of this Agreement.

Section 1.3 Employment Of Assistants.

Provider may, at Provider's own expense, employ such assistants as Provider deems necessary to perform the services required of Provider by this Agreement. District may not control, direct, or supervise Provider's assistants or Providers in the performance of those services.

Section 1.4 Provider's Certifications, Representations and Warranties

Provider makes the following certifications, representations and warranties for the benefit of the District. Provider acknowledges and agrees that the District, in deciding to engage Provider pursuant to this Agreement, is relying upon the truth and validity of the following certifications, representation and warranties and their effectiveness throughout the term of this Agreement and the course of Provider's engagement hereunder.

(a) Provider is qualified in all respects to provide to the District all of the services contemplated by this Agreement and, to the extent required by any applicable law, Provider has all such licenses and/or governmental approvals as would be required to carry out and perform for the benefit of the District, such services as are called for hereunder.

(b) Provider, in providing the services and in otherwise carrying out its obligations to the District under this Agreement, shall, at all times, comply with all applicable federal, state, and local laws, rules, regulations, and ordinances, including workers' compensation and equal protection and non-discrimination laws.

(c) Provider will perform their services hereunder in a professional manner, using the degree of care and skill ordinarily exercised by, and consistent with, the current professional practices and standards of a professional practicing in California. The Provider will furnish, at their expense, those services that are set forth in this Agreement and represents that such services are within the technical and professional areas of expertise of the Provider or any sub-Provider the Provider has engaged or will engage to perform the service(s).

ARTICLE 2. TERM AND TERMINATION

Section 2.1 Term.

(a) This Agreement shall become effective on the Effective Date and shall continue through May 4, 2023 unless the Agreement is earlier terminated by either Party in accordance with Section 2.2, below. Pursuant to Education Code Section 17596, the Agreement Term including all renewals shall not exceed five (5) years.

Section 2.2 Termination.

(a) This Agreement may be terminated by either Party upon fourteen (14) days written notice to the other Party in the event of a substantial failure of performance by such other Party, including insolvency of Provider or if the District should decide to abandon or indefinitely postpone the Project.

(b) In the event of a termination based upon abandonment or postponement by District, the District shall pay the Provider for all services performed and all expenses incurred under this Agreement supported by documentary evidence, including payroll records, and expense reports up until the date of the abandonment or postponement, plus any sums due to the Provider for Board-

approved extra services. In ascertaining the services actually rendered hereunder up to the date of termination of this Agreement, consideration shall be given to both completed work and work in process of completion and to complete and incomplete drawings and other documents, whether delivered to the District or in the possession of the Provider. In the event termination is for a substantial failure of performance, all damages and costs associated with the termination, including increased Provider and replacement Provider costs, shall be deducted from payments to the Provider.

(c) In the event a termination for cause is determined to have been made wrongfully, or without cause, then the termination shall be treated as a termination for convenience in accordance with Section 2.2 (d) below, and Provider shall have no greater rights than they would have had if a termination for convenience had been effected in the first instance. No other loss, cost, damage, expense or liability may be claimed, requested or recovered by Provider.

(d) This Agreement may be terminated for convenience by District without cause, upon twenty (20) days written notice to the Provider. In the event of a termination without cause, the District shall pay to the Provider for all services performed and all expenses incurred under this Agreement supported by documentary evidence, including payroll records, and expense reports up until the date of notice of termination, plus any sums due the Provider for Board-approved extra services. In ascertaining the services actually rendered hereunder up to the date of termination of this Agreement, consideration shall be given to both completed work and work in process of completion and to other documents, whether delivered to the District or in the possession of the Provider.

(e) In the event of a dispute between the Parties as to performance of the work or the interpretation of this Agreement, or payment or nonpayment for work performed or not performed, the Parties shall attempt to resolve the dispute. Pending resolution of this dispute, Provider agrees to continue the work diligently to completion. If the dispute is not resolved, Provider agrees it will neither rescind the Agreement nor stop the progress of the work, but Provider's sole remedy shall be to submit such controversy to determination by a court having competent jurisdiction of the dispute, after the Project has been completed, and not before. The Parties may agree in writing to submit any dispute between the Parties to arbitration. The District agrees to pay the Provider the undisputed amounts due under this Agreement.

The Parties understand and agree that this Termination Article shall govern all termination rights and procedures between the Parties. Any termination provision that is attached to this Agreement as an Exhibit shall be void and unenforceable between the Parties.

Provider shall submit to the District a statement of services rendered with an invoice. The District agrees to pay the amount due to

Provider for the Services within 30 days after the Services are performed.

Section 3.2 No Payroll or Employment Taxes.

Provider acknowledges that, during the term of this Agreement, Provider may have access to privileged and confidential materials and information in the custody of clients of the District. Provider covenants and agrees to keep such information confidential and not to disclose such information directly or indirectly during, or subsequent to, the term of this Agreement. Provider further acknowledges that, during the term of this Agreement, Provider may obtain and have access to certain proprietary or confidential information, knowledge, technology, data, methods, files, records, and client lists relating to the District's business (collectively, the "Confidential Information"), which the District and Provider agree are proprietary or confidential in nature.

Re: Emerson and DaVinci Junior High – New Science Classrooms / Modernization
Fee Proposal

Dear David,

Thank you for considering our consulting services for your project. We sincerely appreciate this opportunity to work with the Davis Joint Unified School District (DJUSD). Per our recent conversations, we are submitting this proposal for design services for Emerson and Da Vinci Junior High School to plan for additional and renovated science labs and classrooms.

The project scope includes site design and utility coordination to support three new science classrooms / support spaces as provided by American Modular Systems (AMS) and renovation to two existing science classrooms and one adjacent preparation room. Hibser Yamauchi Architects will develop schematic design drawings to confirm scope with DJUSD staff, complete construction documents, submit plans as required to the Department of State Architect (DSA) and local Fire Marshal, assist with bidding and represent DJUSD during construction. A more detailed explanation of services is below:

SCOPE OF SERVICES

Design

- 1) Field survey and photograph existing conditions.
- 2) Coordinate with DJUSD and District's representatives to discuss scope, develop drawings to represent the scope and meet to confirm. We anticipate 5 meetings to establish the design with the core user group during the Schematic Design effort.
- 3) Code review to identify any issues that will impact the project, including accessibility upgrades as required.
- 4) Site investigation to assess the location of existing utility infrastructure to place the new modular buildings in an optimal placement on campus and assess existing conditions to improve access compliance / barrier removal as needed.
- 5) Conduct a pre-application meeting with the Division of the State Architect to establish review criteria and identify project scope that will require added consideration before submittal.
- 6) Coordination with AMS to insure classroom / support space layout meets DJUSD desired needs.
- 7) One cost estimate at the conclusion of design development will be produced.
- 8) Meeting to review cost estimate with core group and discuss adjustments to design prior to the production of Construction Documents.

- 3) Coordination with AMS to insure site provisions meet building needs.
- 4) Submit plans to the local fire department and DSA for review and approval.
- 5) Response to comments from these agencies and corrections as required.
- 6) Follow up meetings / backcheck appointments for purposes of gaining required approvals for construction.

Bidding and Construction Administration

- 1) We will assist in the bidding of the project. We will be available to answer questions and to clarify the drawings and specifications.
- 2) We will provide construction administration support by answering RFI's reviewing submittals and attending construction meetings. We assume that there will be 12 construction meetings. A single punch list and final walk are also anticipated.

Cost Estimating

- 1) One cost estimate in CSI format at the end of Design Development including all architectural, civil, plumbing, mechanical and electrical scope.

CLARIFICATIONS AND ASSUMPTIONS

1. This project will be done in 1 phase.
2. This project will require 1 package for permitting and construction.
3. A current soils report will be made available to assist in selection of suitable foundation options.
4. Existing site infrastructure (electrical, plumbing, storm water, sewer, etc) is sufficient to accommodate these renovations.
5. Fire alarm and lighting design will be limited to the new modular classrooms. These systems will not be designed in the existing science classrooms (S1/S2) as it is believed that the current systems are sufficient given that no wall revisions will be made.
6. Waste piping serving the existing science classrooms (S1/S2) is standard waste and an "acid" waste neutralizing tank will not be required.

EXCLUSIONS

1. Underground utility locating / surveying. This will be performed directly with the district under separate contract.
2. Structural Engineering.
3. Landscape / Irrigation design.
4. Mechanical Engineering.
5. Furniture and Equipment Planning.
