

## Catalog Courses Update 2020-21

Annually, staff works directly with teaching staff, counseling staff, and administrators to identify courses that require revisions, additions of any courses in development, or recommendations for removal from programming. While schools decide each year which courses in a course catalog will be offered, course changes or new courses require the approval of the Board of Education. Periodic updates to course catalogs ensure they are up-to-date and reflect current offerings.

Currently, all Junior High Schools share one catalog. Davis Senior High School and Da Vinci Charter Academy each publish a catalog specific to their own site programming. Staff is making the following recommendations.

### **DJUSD Junior High School Catalog**

Remove:

1. Home Economics
2. FashionTextile, and Apparel

### **Davis Senior High School Catalog**

Remove:

1. Ornamental Horticulture
2. Drafting
3. German
4. Fashion, Textile, and Apparel
5. Food Science and Nutrition
6. Physics Reader
7. LEAD ( Learn, Educate, Advocate, Demonstrate)
8. English 10, AIM

Revised Courses:

1. English 10 CP - Revised to Identity and Ethnic Literature. This course revision includes more diverse authorship and aligns with both the FAIR Act and guidelines of the Ethnic Studies Draft Framework.
2. Physiology/Anatomy - Revised to Human Body Systems and Disease States. This course revision follows the 2019-20 approved CTE Health Science and Medical Technology Pathway.

### **Da Vinci Charter Academy Catalog:**

Remove:

1. Video/Film
2. German
