School Accountability Report Card

Reported Using Data from the 2019-2020 School Year

Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

Mission: Willett is a community that strives to help all students reach their academic potential while fostering respect, responsibility and resourcefulness.

1. What all students should know, understand, and be able to do: Willett is a collaborative learning community in which the success and well-being of all children is a high priority. Math and reading/language arts are the focus of our curriculum. Our parents are very supportive. Staff members work in grade-level, academic conferencing, and site based teams to plan together for student success. Twenty-eight different languages and dialects are spoken at Willett. Students who need extra assistance in reading, language arts, math, or English language acquisition participate in intensive support programs inside and outside of the classroom. Our school community works together as classroom teachers, support teachers and support staff to best meet the needs of each individual student.
2. Expectations of positive character traits: Students and staff are expected to treat each other respectfully and act responsibly. Students are rewarded for positive behavior by obtaining a "High Five Referral" to the principal. Students receive this referral for going above and beyond what is expected of a student on campus, meeting a specific goal or helping our school. Students meet with the principal, contact a parent or guardian by phone to tell them the good news, receive a pencil and have their name on the office bulletin board, and are acknowledged at the monthly assembly. Students can also receive Golden Tickets for good citizenship. These tickets are given to students by custodians, noon supervisors and secretaries as a way of increasing positive interactions. One name is pulled per classroom per month and those students bring a friend and have popsicles with the principal. Monthly assemblies highlight students and classes being successful and having good character. These assemblies are student led and are organized and run by our student council. Our staff and students use Kelso's Choices to encourage good choices. Our school counselor does a series of lessons on the choices in each classroom at the beginning of the school year. Our staff is also in the process of training for PBIS through Yolo County Office of Education. Eleven staff members are getting trained and will train the rest of the staff.

3. Current research and practice: As a district, we are implementing MTSS. Our staff held a staff retreat before school started to delve into this concept and create goals for the school year, related to MTSS. Grade levels are working on these goals in monthly meetings with the support team. With our strong ELA support system already in place, we are focusing more on math and SEL support for students. Teachers have been involved with Academic Conferencing to guide and align instruction. Teachers articulate in grade levels and between grade levels to insure alignment. Our staff is trained in PBL, EDI, common core, PBIS, trauma sensitive teaching, Kelso's Choices, and 21st century learning styles of teaching. Our counselor does a series of in class lessons with each class and also runs small support groups for students with specific needs. We pride ourselves in being progressive and meeting students at their level to support them as they grow academically. We will continue to support students not achieving, using appropriate classroom and reading and math instruction. We will continue to support all students with differentiated instruction. We strive to integrate technology into the curriculum, to provide additional learning support and opportunities for students. Our teachers evaluate students' skills using oral questioning, written tests, and project-based evaluations. During the spring, we administer the state English learner assessment (ELPAC) to students who are learning English. We are on a trimester system and have three report card periods each school year. We encourage parents to attend a parent-teacher conference after the first reporting period, which ends in early November. Parents may also attend conferences in the spring or at any other mutually agreeable time during the year. Holding students responsible for completing homework results in significant educational gains. Teachers direct assignments and parents support students to ensure that homework is completed. At Willett, teachers assign homework four days per week to complement classroom instruction. Homework is school-related, assigned work that students must complete outside the classroom. We also expect students to read nightly for practice and enjoyment. The district's homework policy is available on the DJUSD website. Due to COVID-19, many of our in person services in regards to assessments and supports have been postponed or altered due to current health and safety guidelines and digital access for both staff, students, and families.
4. The district provides three days of paid time for teachers to attend academic conferences with their grade levels, support staff and the principal. This is a time to look deeply at data and individual students to work towards the best possible educational program for the students. We dismiss students early on Wednesdays to provide time for teachers to collaborate, discuss best practices, and set goals for student achievement. Many teachers attend classes and workshops in the summer. We continue to work towards differentiating instruction within the classroom. At staff meetings, we are articulating within grade levels and across grade levels to ensure a smooth progression of concepts. As we continue to implement Common Core Standards, teachers are using Envision math and Benchmark ELA curriculum to meet state standards and prepare students for the CAASPP assessments in the spring.
5. Collaboration among all segments of the school community: The Willett community works very closely together. Parents are actively involved in programs on campus including in class volunteering, Kids in Motion, writing, art, etc. Willett has an active PTA, ELAC and Site Council whose members collaborate often and are proactive about including new parents in the school. Our site council is involved in a self study once a year in which they spend the day in classrooms seeing how the work we do aligns with our LCAP and site plan. PTA is a strong supporter of our school and classrooms and financially give a lot of money to support special programs and events for our students.
6. Other elements of importance to school's vision/mission: The Willett staff is dedicated to high expectations for their students academically and socially. We have very high expectations about kindness and respect. The staff works very closely together to create the best learning environment for students. Staff meetings include significant blocks of time to articulate within and between grade levels about curriculum and student growth. Grade level teams meet regularly to continue the high quality of education that families receive at the school. Enrichment activities, including field trips are also a priority for the Willett staff to ensure the whole child is addressed and given opportunities to experience new adventures outside the school.

A. Conditions of Learning**State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements

Robert E. Willett Elementary school is in good repair, according to the criteria established by the Office of Public School Construction. Facility deficiencies are minor ones resulting from common wear and tear, and there are few of them. A facilities bond has been passed and the design is currently under DSA review.

School Facility Good Repair Status

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	78	N/A	66	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

PARENT INVOLVEMENT PARENTAL INVOLVEMENT POLICY

At Willett Elementary School staff, parents and students have the right and responsibility to participate in the educational process. Parents are an integral part of this effort and it is essential that they contribute their support to the teachers and children in our school. The more elements of good parenting, good teaching, and good schooling that children experience, the greater likelihood that they will achieve their potential. We are in this process together for the children. In order to work with the parent community in accomplishing this goal, the school shall:

- Provide ongoing opportunities for parents to give input to the organized parent groups that exist within the school. Parents are directed to provide input to the following groups: School Site Council, English Learner Advisory Committee, at the monthly principal coffees, Youth Truth Survey, and PTA.
- Publish membership information for the above committees in the parent handbook distributed prior to the start of school, and again in the school newsletter, Willett PTA News.
- The Willett parent community is very actively involved in our community at the district level, at the board, DSF, DSAF, and district meeting levels.
- Have available the Annual School Plan upon request in the school office throughout the year.
- Encourage and provide ongoing opportunities for parents to volunteer in the classroom.
- Provide parents with timely information about the program, using all or a combination of the following: 1. Parent Handbook, 2. Willett PTA News, 3. Classroom newsletters 4. Back-to-School Orientations in Fall 5. Fall and Spring Parent Conferences, 6. Individual conferences with staff/principal upon request 7. Open House in the Spring 8. Opportunities to provide input at the district level through advertised meetings and events 9. Curriculum reviews at the school site when the district is in the adoption process cycles 10. School Site Council, ELAC (English Learner Advisory Committee) and PTA meetings 11. School Messenger messages.
- Provide parents with information about school curriculum, types of assessment, about individual student assessment results and proficiency levels students are expected to meet through the following: 1. Back-to-School Orientations 2. District information at online registration 3. Fall and Spring Parent Conferences and report cards 4. Individualized Education Plan, 504, and Student Study Team meetings for identified students 5. Individually scheduled parent/teacher/principal conferences initiated by any party 6. Communications regarding ways for parents to assist students during the summer 7. Mailings (when necessary) of testing results with interpretative explanations 8. Timely recommendations for possible retention, including suggested interventions

Due to COVID-19 restrictions, changes to meetings and events is dependant upon current state and county health and safety protocols.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	0	0.018	
Expulsions	0	0.0	

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

We emphasize the safety of our students and staff members and review our emergency plans yearly. As a staff, we reviewed the safety plan and drill protocol on August 22, 2019. Site Council reviewed and approved the School Safety Plan on October 16, 2019. We also hold regular fire, earthquake, outdoor drills, teacher down drills, and shelter in place drills, and maintain clean and safe facilities. Facilities staff uses a scheduled preventive maintenance program to offset costly repairs in older sites. Student Council begins in the fall and student representatives from each 4th - 6th grade class support and relay information to all classes. Our full time school counselor works with families, individuals and small groups. She also does in class 6 week lesson presentations. Kelso's Choices has been implemented and continues to be reviewed schoolwide.

Yard supervisors and teachers supervise the playground and follow specific safety guidelines. Yard supervisors supervise younger students during lunch time. Yard supervisors are trained in supervision, and emergency drills, medical needs, Epi-Pen training, and expectations for students. The principal is in daily contact with them about specific needs, and works at lunch with them regularly.

We have developed a consistent system of progressive discipline that allows the teacher and the principal to work with students and parents to make sure that the necessary steps for behavior modification are in place in the school to support the student. Our goal is to encourage kindness and we do this by intervening with consequences at the lowest level that will change the behavior. We use restorative practices in working with students on campus. Our school counselor does mediation with students and follow up after incidents.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	33	33	

The school has 1-hour sessions dedicated to professional development each Wednesday for teachers/staff to attend (30 days for 1-hour each). Additionally, the school has one (1) full day prior to the start of the school year and two (2) full days spread throughout the year, dedicated to professional development.

Davis Joint Unified School District focuses on professional growth offerings on our mission and objectives. Our focus is given to professional learning that promotes DJUSD goals of 21st Century Teaching and Learning, Closing the Opportunity and Achievement Gaps, and Creating Safe and Inclusive Environments. DJUSD goals also include professional learning structures that support teaching and learning that will build student competencies identified within our Graduate Profile. These areas of focus were developed with wide-scale stakeholder input and are embedded within our Local Control Accountability Plan.

Davis Joint Unified School District uses a variety of professional learning models to engage staff in their continued growth. Built on the foundation of internal expertise and consultants from outside our district, staff have opportunities during the school year and summer to complete professional development learning episodes and time to implement best practices learned. These activities are supported by federal, state, and local funding as well as generous local parcel taxes. The professional growth occurring in Davis Joint Unified School District has a heavy emphasis on collaboration where time is reserved weekly for dedicated site-based staff collaboration in grade level or departmental teams under the direction of site administrators. Staff also has the opportunity to collaborate with grade-level/content peers. Davis Joint Unified School District also has instructional coaches that provide professional growth opportunities with model lessons, collaborative planning, and in-context learning. Examples of recent Davis Joint Unified School District professional learning include:

- Comprehensive site focuses on the foundational understanding, implementation, and sustenance of MTSS and PBIS
- Teacher book groups on Culturally Responsive Pedagogy and Anti-Racist Teaching Practices
- Ethnic Studies Institute based on “knowledge of self” as Ethnic Studies teacher and Scholar Lecture Series from UC experts on the content of Ethnic studies
- Reading Apprenticeship literacy series and mentorship through WestEd
- UC Davis Mathematics Project Teacher Leadership program (K-12) trained math teachers, instructional coaches, and some administration in the Common Core State Standards and progression of mathematical practices
- Elementary and Secondary Summits, where DJUSD staff-led sessions in best practices and promising innovation pilots
- Yolo County Mental Health First Aid
- National Equity Project
- Mindful Schools where each site sent a team to learn mindfulness practices for school settings
- Canvas Collaborative Courses where educators can self-select in collaboration using Canvas; this included professional development groups working on Anti-Racist pedagogy, Earth Science teachers learning about NGSS, Teacher

Librarian literacy lessons, and resources for the History-Social Science frameworks.
