Board Policy

Bids

BP 3311

Business and Noninstructional Operations

In order to ensure transparency and the prudent expenditure of public funds, the Board of Education shall award contracts in an objective manner and in accordance with law. District equipment, supplies, and services shall be purchased using competitive bidding when required by law or if the Board determines that it is in the best interest of the district to do so. Whenever possible, local contractors ~~should~~shall be invited to bid.

The Board deems apprenticeship programs to be very valuable educational opportunities for high school graduates and encourages the use of contractors who participate in providing these programs.

(cf. 0410 - Nondiscrimination in District Programs and Activities)

(cf. 3000 - Concepts and Roles)

(cf. 3300 - Expenditures and Purchases)

When the Board has determined that it is the best interest of the district, the Board may explore the "lease/leaseback" method allowing the district to select a contractor based on qualifications, price and package rather than just lowest bid.

When the Board has determined that it is in the best interest of the district, the district may piggyback onto the contract of another public agency or corporation to lease or purchase equipment or supplies to the extent authorized by law. (Public Contract Code 20118)

Bid specifications shall be carefully designed and shall describe in detail the quality, delivery, and service required.

To assist the district in determining whether bidders are responsible, the Board may require prequalification procedures as allowed by law and specified in administrative regulation.

(cf. 9270 - Conflict of Interest)
