Board Policy

District Technology Plan

BP 0440

Philosophy, Goals, Objectives and Comprehensive Plans

The Governing board recognizes that technology resources can greatly enhance the instructional program as well as the efficiency of district and school site administration. ~~The Board also realizes that careful planning is essential to ensure the successful, equitable and cost-effective implementation of technology-based materials, equipment, systems and networks~~ student achievement by increasing student access to information, supporting teacher effectiveness, and facilitating the administration of student assessments. Effective use of technology can also increase the efficiency of the district's noninstructional operations and governance.

(cf. 6162.51 - State Academic Achievement Tests)

The Superintendent or designee shall develop, for Board approval, a comprehensive three-year technology plan to address the short and long term technology needs of the district and provide for compatibility of resources among school sites, district offices, and other district operations. ~~As a basis for this plan, he/she shall examine and compare the costs and benefits of various resources and shall identify the blend of technologies and level of service necessary to support the instructional program~~ based on an assessment of current uses of technology in the district and an identification of future needs. The Superintendent or designee may appoint an advisory committee consisting of a variety of staff and community stakeholders to assist with the development of the technology plan. ~~The Superintendent or designee may appoint a technology advisory committee consisting of a variety of staff and community stakeholders to assist with the above investigations and determinations~~ development, implementation and monitoring of the technology plan.

(cf. 0400 - Comprehensive Plans)

(cf. 1220 - Citizen Advisory Committees)

(cf. 9140 - Board Representatives)

The plan shall be integrated into the district's vision and goals for student learning and shall contain research-based strategies and methods for the effective use of technology. When required for state or federal grant programs in which the district participates, the plan shall also address all components required for receipt of such grants.

(cf. 0000 - Vision)

(cf. 0200 - Goals for the School District)

(cf. 0460 - Local Control and Accountability Plan)

(cf. 6000 - Concepts and Roles)

The Superintendent or designee shall ensure that any use of technological resources in the district protects the private and confidential information of students and employees in accordance with law.
