Introduction:

LEA: <u>Davis Joint Unified School District</u> Contact (Name, Title, Email, Phone Number): <u>Dr. Clark Bryant</u>, <u>Associate Superintendent</u>, <u>cbryant@djusd.net</u>, (530)757-5300 x144

LCAP Year: 2015-2018

Local Control and Accountability Plan and Annual Update Template

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)

Implementation of State Standards: implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)

Course access: pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

Expelled pupils (for county offices of education only): coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)

Foster youth (for county offices of education only): coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)

B. Pupil Outcomes:

Pupil achievement: performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

Other pupil outcomes: pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

C. Engagement:

Parental involvement: efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

Pupil engagement: school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

School climate: pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?

students establish goals; and actions to support the whole child through

improvement in classroom and school climates.

7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

LCAP Community Forum At the January LCAP Community Forum, members of the district and public came together to hear the goals and respond to specific questions about how we can make progress towards those goals. Through specific breakout groups, several ideas were generated including increased classified employee training; school site self-studies; the secondary and elementary counselors' role to help

school counselors and EL specialists.

At the February LCAP Community Forum, participants were asked to identify success of the implementation to date and provide suggestions and ideas to help us achieve our goals. Many of the suggestions centered on support for students through improved school climate, professional growth, and engagement strategies.

Two additional LCAP community meetings were held. One met at the Moore Street Apartment Complex, during which low income families added their voice to the LCAP conversation; and the second LCAP meeting took place at Marguerite Montgomery Elementary School, where many English Learner families and the District English Language Advisory Committee gave their input to the LCAP.

As a result of the Moore Street Apartment LCAP meeting, consider culturally relevant pedagogy; improve attitudes towards low income families; school climate needs to be separate from site council; create parent support groups; validate students' training for teachers to be more inviting.

As a result of the Montgomery LCAP meeting, consider additional intervention to support struggling students, particularly those who are low income and English learners.

Strategic Planning Committee

Strategic Planning Committee held its first annual review of progress on the DJUSD Strategic Plan. Through this annual review, considerable progress was identified in professional growth, infra-structure and technology, and assessment. These actions from the strategic plan align with the goals in the LCAP. Although the Strategic Planning Committee acknowledged growth in the systematically develop and monitor individual students' goals. Goal 4 Student goal development area, it was identified as an area of need.

As a result of the Strategic Plan Annual Update, additional effort was focused on identifying ways to develop and track individual student academic and personal goals. Staff investigated a variety of programs and practices and identified several ways in which student goals are developed and monitored. It is also clear that there currently is not a district wide process to

Student Interviews

Two parents from the LCAP Parent Advisory conducted 130 student interviews at Harper Junior High School, Holmes Junior High School and Davis Senior High School. In order to provide the LCAP Parent Advisory Committee with student perspectives, interviews focused on the following LCAP targeted student populations in multiple groups of 4-6 students:

- low income
- **English learners**
- foster youth
- students with disabilities
- predesignated-fluent English proficient
- African-American/Black
- Latino

Students were chosen by school staff. The experience of hearing directly from

Student voice is essential in the development of our LCAP. As a result of the student interviews, focus was maintained on creating equitable environments that support all students. This included specific assistance with homework, creating a welcoming environment for all students in the classroom, asking staff to show that they care about the students and to have teachers enforce rules and prevent bullying. Students also asked for more Chromebooks, more time to work in groups, and for teachers to check for understanding more often.

students was very positive. The interviewers worked with many of the groups for approximately 20-30 minutes each, asking only a few broad, open-ended questions such as: "What makes school successful or difficult? and "What would help with the difficulties?" Students were informed that their responses would be identified only by grade level to protect student anonymity and to encourage open discussion. Responses were categorized as they applied to the LCAP goal areas.

LCAP Survey

District-developed LCAP survey was sent to parents, community members and district staff through multiple communications. 297 LCAP surveys were completed and responses analyzed.

DJUSD District English Learner Advisory Committee
DELAC met four times in 2014-15. In November DELAC reviewed Title III
Improvement Plan, focusing on the alignment of the EL goals with Title III,
LCAP and the DJUSD Strategic Plan. Academic progress data and demographic
data were provided and explained. The data review gave the committee
information needed to consider when discussing and developing
recommendations to move forward English Learners' progress.

In January, the LCAP was an item on the DELAC agenda, as well as discussion about parent engagement, access to technology, professional growth, and the effort involved in reclassifying English learners within 5 years, prior to the students becoming long term English Learners. The DELAC representative to the LCAP advisory shared ideas and concerns from the LCAP Advisory meeting. In April the DELAC representative to the LCAP advisory gave an update about the ongoing work of the LCAP Advisory. DELAC generated advisory recommendations to take to LCAP Advisory.

State priorities that ranked highest in the survey responses include 1) better support of quality teachers, maintained facilities and availability of educational materials and technology, 2) maintain a positive school climate with safety, inclusion, respect, strong relationships and high expectations, and 3) increase student engagement with students enjoying school, participating in school activities, interested in classes and staff knowing student learning strengths and needs.

The issues and items that were especially important for DELAC were:

- Professional Development for staff and teachers is one way to support our students and part of the need
- We need to also educate and train the parents
- o Parents are not literate in English and therefore can't help their students. We need to offer classes in the evening, with child care.
- o Classes on how to support their students academically
- o Training on parent rights and leadership
- Need for more translators in various languages.
- o Suggestion to have small breakout sessions in the native language o Increase the language list of interpreters to include more languages
- o Need for a professional interpreter sometimes need (IEP's for example)
- Parent participation still needs to increase. We have seen an increase in district events and DELAC, but individual school sites participation needs to increase and be more consistent.
- Counseling allocation coming out of the supplemental funding is a concern o If school sites do not have a multilingual counselor, how can we serve these student groups?

LCAP Parent Advisory

At the March LCAP Advisory participants heard an updates on the implementation of the LCAP, read through the meeting notes from the January and February Forums, and reviewed the results and comments from the DJUSD LCAP Community Survey

At the April LCAP Parent Advisory two parents shared themes from student interviews at district secondary schools. These included a desire for less homework, closer relationships with teachers, and.... The Advisory group then reviewed proposals and services that could address the areas of focus that have developed during the years. These recommendations came through the trends from the survey, community forums, and recommendations from principals and the administrative leadership team. The meeting participants were asked to categorize these services as essential, beneficial, or not necessary at this time. The committee members worked in small groups and carried their work from this meeting to the May LCAP Advisory meeting.

At the May LCAP Parent Advisory ranking recommendations were made for additional proposed services. These recommendations were reviewed with the Superintendent's Cabinet in to develop the Superintendent Roberson's recommendations to the Board of Education.

DJUSD Administrative Leadership Team

During the course of the year, topics related to the LCAP were discussed in the Administrative Leadership Team meetings. Specifically, on February 10 and April 14 ALT identified and discussed focus areas they view as both high leverage and priority work for 2015-16. The areas included assessment, climate and culture, and support for English Learners. These recommendations were reviewed with the Superintendent's Cabinet in to develop the Superintendent Roberson's recommendations to the Board of Education.

o School populations fluctuate from year to year and needs will change, funding from supplemental would be very limit the services o How will we track the accountability of the counselors?

 Equity is a concern. Can we reconsider the way the funding is distributed among the sites. One of the concerns is the availability of technology for English Learners.

As a result of these meetings, an increased focus is recommended for Goal 4: Student Goals; Goal 5: English Learner Language Proficiency; and Goals 6: Climate. Additional activities are recommended predominantly in each of these goal areas. On-going work based on our original LCAP will continue for the other goal areas.

The discussions and feedback from ALT meetings helped to structure discussions at the LCAP Advisory.

LCAP emails to the Superintendent discussed 1) the use of LCFF- Supplemental Superintendent Emails funding to provide equitable services for English learners and low income students, 2) the importance of increasing "achievement gap" students' participation in extracurricular activities, such as athletics, performing arts, student government, yearbook, newspaper, robotics, cheerleading, etc, and 3) guiding ideas for the process for conducting student interviews. As a result of the on-going community involvement, our LCAP annual review DJUSD Superintendent's Cabinet built upon the trends and activities already identified in our original LCAP. Initial recommendations from Superintendent Roberson's Cabinet were delivered to the Board of Education on May 21, 2015. The recommendations Additional activities requested to support this work include: centered on actions and services to support students in the area of Student 1. Nursing Services Goals, English Proficiency for English Learners, and Climate. On-going activities 2. Elementary Counseling in the other goal areas will continue to roll out as planned in the initial LCAP. 3. Mental Health Intern Program 4. Coordination of Climate Services 5. Support for Foster Youth 6. Reading Support Equity and Early Literacy 7. English Learner Specialists Support 8. Family Resource Center at Montgomery Elementary School 9. Families in Transition Tutoring Program 10. Advancement Via Individual Determinations (AVID) 11. Coordination of Career Technical Education 12. Campus Supervision for elementary schools with an enrollment over 600 students 13. Increased Site Budgets for Site Priorities 14. Cover Title I Site Budget Reductions 15. Instructional Computer Support 16. Chromebooks Instructional Materials and Implementation of the Common Core **Annual Update: Annual Update:** July 2014. DJUSD immediately began implementation of the Strategic Plan and the 2014-15 LCAP by addressing the goals of increasing communication, building a more robust professional growth program, and improving the

technology infrastructure. Internal structures were put in place to monitor

progress on specific actions within each goal area. During the first few months of the school year, there was a focus on building understanding of the LCAP document within the district and across the community. This included presentations to the Board of Education, Superintendent's Parent Advisory, and other advisory groups. Information was also distributed through the Instructional Services newsletter and by our public information officer.

October 2014. Superintendent Roberson began the process of forming the 2014-15 LCAP Parent Advisory Group, sending a letter of interest to the community through a variety of networks. Many community members expressed interest and the Committee was formed. Composition of the committee was reviewed to insure low income, English learner, and foster youth were represented. In the first round, English Learner parents were not represented, so the Superintendent's Office worked with the English Learners Coordinator to identify a parent from the District English Language Advisory group as an active LCAP Parent Advisory participant.

The first part of the year we spent time educating the community about the Local Control Accountability Plan and the DJUSD Strategic Plan and the actions within each plan. Considerable work was taken to align the plans. During our work to educate the community, employees, and other groups we were able to gauge their level of understanding of each action area.

November 2014. DJUSD District English Learner Advisory Committee (DELAC) DELAC representatives serve as communicators between the sites and the district. They are responsible to report on interests from the site and to report back at their site ELAC about district interests. At the November DELAC meeting the Title III Improvement Plan was presented, focusing on the alignment of the EL goals with Title III, LCAP and the DJUSD Strategic Plan. Academic progress data and demographic data were provided and explained. The data review gave the committee information needed to consider when discussing and developing recommendations to move forward English Learners' progress.

Since the goals and actions of the Title III Improvement Plan are directly tied to Goal 5 of the LCAP, recommendations and actions from DELAC move into the LCAP. The addition of increased time for EL Specialists is one such example.

December 2014. LCAP Parent Advisory convened. The advisory process for the annual update was described, including a focus on the purpose of the LCAP, an overview of data relative to the goals, the role of the advisory, and establishment of a timeline for approval in June 2015. The agenda, notes and presentation for the meeting, and other LCAP meetings, can be found on the DJUSD LCAP webpage. At the meeting, the LCAP Parent Advisory Committee also reviewed the state priorities for Conditions of Learning, Pupil Outcomes,

A wide range of data was provided for the advisory including discipline, attendance, a-g completion, graduation, English Learner proficiency, climate and much more. There is considerable evidence both from graduation rates and a-g completion rates that DJUSD must focus on providing opportunities for EL and low income students access and support for these students. A transcript review was conducted by the Instructional Services Leadership Team for each EL student at Davis Senior High School to identify course enrollment

and Engagement. Members of this group included representation from English learner, foster youth and low income families. Classified and certificated employees were also represented, along with secondary students, parents, and community members.

patterns. While EL students were enrolling in a-g courses, they were not experiencing success in the courses. This review was brought to secondary principals to review and share with staff.

January 2015. LCAP Community Forum held to gather community input. Conversations were organized by goal areas; community members shared successes within the district, areas of concern, and ideas for improvement. Notes about specific recommendations were available on the DJUSD LCAP Webpage.

Clear trends developed from the discussions including: Increased Professional Growth Opportunities with focus on instructional strategies to support EL and low income studnets through socio-emotional knowledge, and differentiation. There was also consistent desire to create a climate which supports all students, particularly those who have historically been disadvantaged. There was significant energy around the need for elementary school counselors and EL specialists.

January 2015. LCAP was an item on the DELAC agenda, as well as discussion about parent engagement, access to technology, professional growth, and the effort involved in reclassifying English learners within 5 years, prior to the students becoming long term English Learners. DELAC and LCAP Advisory member Patricia Lara shared ideas and concerns from the January LCAP Advisory meeting.

February 2015. DJUSD Parent Engagement Night provided LCAP informational session for staff, parents and community members.

Additional members of the community became aware of the LCAP priorities, process and goals.

February 2015. Second LCAP Community Forum held to gather community input. Conversations were organized by state priority areas; community members shared successes within the district, areas of concern, and ideas for improvement. Notes about specific recommendations were available on the DJUSD LCAP Webpage.

Clear trends developed from the discussions including: Increased Professional Growth Opportunities with focus on instructional strategies to support EL and low income students through socio-emotional knowledge, and differentiation. There was also consistent desire to create a climate which supports all students, particularly those who have historically been disadvantaged. There was significant energy around the need for elementary school counselors and EL specialists.

February 2015. Strategic Planning Review Committee held the first annual review of the DJUSD Strategic Plan. Through this annual review, considerable progress was identified in professional growth, infra-structure and technology, and assessment. These actions from the strategic plan align with LCAP goals 1, 2 and 3. Although the Strategic Planning Committee acknowledged growth in

As a result of the Strategic Plan Annual Update, additional effort was focused on identifying ways to develop and track individual student academic and personal goals. Staff investigated a variety of programs and practices and identified several ways in which student goals were developed and monitored. It is also clear that there is not a district wide approach to systematize this

the area of developing student goals, LCAP goal 4, it was also identified as an area of need.

effort. Additional focus is predominantly recommended for Goal 4: Student Goals; Goal 5: English Learner Language Proficiency; and Goals 6: Climate. Ongoing work based on the original LCAP will continue for the other goal areas.

February 2015. Two additional LCAP community meetings were held specifically for families of students included in the unduplicated count. One meeting met at the Moore Street Apartment Complex, during which low income families added their voice to the LCAP conversation; the second LCAP meeting took place at Marguerite Montgomery Elementary School, where many English Learner families and the District English Language Advisory Committee gave their input to the LCAP.

March 2015. District-developed LCAP survey was sent to parents, community members and district staff through multiple communications.

State priorities that ranked highest in the survey responses include 1) better support of quality teachers, maintained facilities and availability of educational materials and technology, 2) maintain a positive school climate with safety, inclusion, respect, strong relationships and high expectations, and 3) increase student engagement with students enjoying school, participating in school activities, interested in classes and staff knowing student learning strengths and needs.

March 2015. At the LCAP Parent Advisory participants were updated on the implementation of the LCAP, read through the meeting notes from the January and February LCAP forums, and reviewed the results and comments from the DJUSD LCAP survey. Trends were identified from the feedback.

Meeting participants were then asked to identify trends which aligned the state priorities and district goals. These included implementation of the common core, student achievement, climate, and student engagement.

March & April 2015. Two members of the LCAP Parent Advisory conducted interviews of 130 secondary school students at Harper Junior High School, Holmes Junior High School and Davis High School.

Student voice is essential in the development of our LCAP. Themes from student interviews included creating equitable environments that support all students, such as specific assistance with homework, creating a welcoming environment for all students in the classroom, asking staff to show that they care about the students and to have teachers enforce rules and prevent bullying. Students also asked for more Chromebooks, more time to work in groups, and for teachers to check for understanding more often.

April 2015. LCAP Advisory member gave DELAC an update about the ongoing work of the LCAP Advisory. DELAC also received a copy of Assoc. Supt. Bryant's

article, "Local Control Accountability Plan Update" in the DJUSD publication "Engage and Inspire" (April 2015). Discussion and ideas were expressed by DELAC to take back to LCAP Advisory.

April 2015. LCAP Parent Advisory reviewed "District Needs" and prioritized those needs based on the feedback from the Community Forums, interviews, and surveys. The Advisory also reviewed proposals for services and were asked to categorize these services as essential, beneficial, or not necessary at this time. The Advisory members worked in small groups and carried their work from this meeting to the May LCAP Advisory meeting.

May 2015. Another LCAP update was given at the final 2014-15 DELAC meeting, including an explanation of the final steps in the LCAP process and dates when the plan would go to the board.

Additional input was gathered throughout the year during regularly scheduled meetings of the DJUSD Administrative Leadership Team, Certificated Advisory, Classified Advisory, Instructional Services Advisory, Instructional Services Leadership Team and District Technology Advisory Committee.

May 2015. The Superintendent's Cabinet made initial recommendations that were delivered to the Board of Education on May 21, 2015. The recommendations centered on actions and services to support students in the area of Student Goals, English Proficiency for English Learners, and Climate. On-going activities in the other goal areas will continue to roll out as planned in the initial LCAP.

The DJUSD EL Coordinator and a representative from DELAC participated in the LCAP Advisory Meetings to share the ideas and concerns of DELAC. Their input helped to maintain focus on the needs of our EL students and to advance actions to support the English Learner population and their families. Goal 5 of our LCAP mirrors our Title III Plan, assuring that the actions within the LCAP stay relevant and connected to the needs of our English Learners.

As a result of the on-going community involvement, our LCAP Annual Review built upon the trends and activities already identified in our original LCAP. Additional activities to support this work include:

Nursing Services (0.4 FTE BOE Approved)

Elementary Counseling (2.40 FTE Board Approved)

Mental Health Intern Program

Coordination of Climate Services

Support for Foster Youth

Reading Support Equity and Early Literacy

English Learner Specialists Support

Family Resource Center at Montgomery Elementary School

Families in Transition Tutoring Program

Page 13 of 148

Advancement Via Individual Determinations (AVID)
Coordination of Career Technical Education
Campus Supervision for elementary schools with an enrollment over 600 students
Increased Site Budgets for Site Priorities
Cover Title I Site Budget Reductions
Instructional Computer Support

Instructional Materials and Implementation of the Common Core

Chromebooks

Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

Schools: Identify the schoolsites to which the goal applies. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate "all" for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Action/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to "ALL."

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning"?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes"?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement" (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

	Develop, implement, and assess a Professional Growth System consistent with our mission and objectives, focusing first on social-emotional intelligence, differentiated instruction and inquiry-based learning.

Complete a copy of this table for each of the LEA's goals. Duplicate and expand the fields as necessary.

Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Planned Actions/Services		Actual Actions/Services		
	Budgeted Expenditures		Estimated Actual Annual Expenditures	
Provide training and support to implement CCSS English Language Arts / English Language Development standards	Purchase aligned supplementary instructional resource materials 4XXX State Restricted Funding \$30,000 Training and support to implement CCSS & ELD, professional growth hours 1XXX-5XXX Federal Funding \$117,000 Training and support to implement CCSS & ELD, trainers 1XXX-5XXX Federal Funding \$17,000 Implement ELD observation tool 1XXX-5XXX State Restricted Funding \$36,000	EL Specialists worked on reviewing and analyzing appropriate curriculum to support English Learners with the ELA/ELD CCSS. Purchased ELD supplemental instructional materials. Support for the Common Core training offered on 11/17, 12/1. & 12/2. Montgomery, Harper and Willett teams completed the training "Supporting Common Core: Understanding the Needs of Language Learners K-12". Professional growth offerings throughout the school year focused on CCSS/ELD standards. June and August CELDT Training 2014-15. In August, Developing Academic Language & Content (7-12) training was offered. EL & Reading Specialists combined meetings in October & Nov. to further knowledge on how to best support EL students. Multiple trainings focused on the CCSS in ELA/ELD were offered through the year. A research based observation tool still being researched. Observation tool was not used this school year as we focused on aligning instructional materials and training for implementing the ELA/ELD CCSS. Will focus on this in the upcoming school years as we build the knowledge of teachers and access more aligned instructional materials.	Aligned supplementary instructional resource materials 4XXX Supplemental \$32,500 Training and support to implement CCSS & ELD, professional growth time for teachers. 1XXX-5XXX State Restricted Funding \$121,000 Training and support to implement CCSS & ELD, trainers, professional growth time for teachers. 1XXX-5XXX Federal Funding \$17,000 No expenses State Funding \$0

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:

The Davis Joint Unified School District estimates Supplemental Grant funding for the district amounts to \$2,807,698 calculated on the basis of the number of unduplicated pupils, defined as the number of low income, foster youth and English learner pupils. DJUSD has a 27% enrollment of unduplicated pupils. Part of the DJUSD supplemental funds will be used in a districtwide manner to build upon the following educational initiatives:

\$2,807,698

- Increased elementary counseling services combined with focused services for targeted students. These new and increased services shall improve the Conditions of Learning and increase Student Engagement by creating a more focused learning environment for all elementary classrooms. [Carrell, S. & Carrell, S. (2006). Do Lower Student-to-Counselor Ratios Reduce School Disciplinary Problems? Contributions to Economic Analysis & Policy: Vol. 5: Iss. 1, Article 11; Carrell, S. & Hoekstra, M. (2014). Are School Counselors an Effective Education Input? Economics Letters, 125 (2014) 66-69; Sink, C. A., & Stroh, H. R. (2003). Raising achievement test scores of early elementary school students through comprehensive school counseling programs. Professional School Counseling, 6, 352-364; Brigman, G., & Campbell, C. (2003). Helping students improve academic achievement and school success behavior. Professional School Counseling, 7, 91-98; California Department of Education (2003). Study of Pupil Personnel Ratios, Services, and Programs. Assembly Bill 722. Counseling and Student Support Office, California Department of Education]
- Increased training and development of restorative practice. This effort shall expand awareness and skills in educational practices that consider adverse childhood experiences and provides trauma-informed responses to support children. In schools, the use of restorative practices has been shown to reliably reduce misbehavior, bullying, violence and crime among students and improve the overall climate for learning.
- Increased climate services. This boost to specific services will provide support and development of positive school climates and promote training and effective use of restorative practices. In addition, these funds will promote training and culture awareness for staff of a trauma-informed perspective as well as promoting a positive, pluralistic culture across all sites and in all departments. [Voight, A., Austin, G., and Hanson, T. (2013). A climate for academic success: How school climate distinguishes schools that are beating the achievement odds (Report Summary). San Francisco: WestEd.]
- Increased reading support by paraeducators in all third grade classes. Attention will focus on strengthening the reading skills of struggling readers, students who most frequently are low income pupils, foster youth and English learners.
- Installation of WiFi at all junior high schools to provide access for all students. Through direction affirmed in the DJUSD strategic planning process, the Davis school district is implementing local policy to provide technological devices to all students to use as educational tools. To ensure that those devised can be effectively used by low income, foster youth and English learner, and redesignated fluent English proficient (RFEP) pupils, the district's technology infrastructure is being updated. Wireless access will be available for all students, but most importantly for students whose families do not have the resources to provide wireless access for their children at home.

Targeted Services – The majority of funds are used for targeted services:

- Davis Bridge Program for English Learners and low income student support
- Migrant Program support for transportation of migrant students to and from school
- English Learner Specialists to provide direct services and professional growth
- Teacher and staff salaries for specific courses to support targeted students, such as STEEL classes, the AVID program and the Davis High School Academic Center
- Site allocations, used by School Site Councils, for site specific targeted services such as reading support, math support, and English Learner support.

B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

5.07 %

Davis Joint Unified School District is committed to leveraging the Local Control Accountability Plan to provide services that meet the needs of our English Learners, Foster Youth, and low income students. For the 2015-16 year, particular focus will be on Goal 4, Student Goals; Goal 5, Support for English Learners; and Goal 6, School Climate. Actions and services listed below are identified to improve services for our targeted students.

- Increase elementary counseling services to create improved conditions of learning and more engagement for our targeted students.
- Provide additional funds so that secondary counseling can utilize programs that impact the well-being of students particularly our targeted students.
- Increase prevention and crisis manager services to develop, implement, and supervise the Mental Health Intern Program which will utilize Marriage and Family Therapy interns to provide short-term therapy to students who are in Local Control Accountability Plan target areas (EL, low income, foster youth). Therapy focus will include goal-setting in personal, academic, and social goals.
- Increase climate services in order to provide liaison services between county, sites and students for foster youth population and homeless students.

- Increase school nurse services to provide support for student health needs.
- Increase resources for AVID Program to build upon the success of the program and more effectively recruit targeted students.
- Increase English Learner Specialists services to each of three sites (Patwin, Willett and Birch) due to an increased number of EL students at the sites
- Provide additional use of electronic devices for immigrants.
- Increased training and development of restorative practices to expand awareness and skills in educational practices that consider adverse childhood experiences and provides trauma-informed responses to support children.
- Increased climate services to provide support and development of positive school climates and effective use of restorative practices.
- Increased climate service to develop a trauma-informed, pluralistic culture across all sites and in all departments.

LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

- (a) "Chronic absenteeism rate" shall be calculated as follows:
 - (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).
 - (3) Divide (1) by (2).
- (b) "Middle School dropout rate" shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.
- (c) "High school dropout rate" shall be calculated as follows:
 - (1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).
- (d) "High school graduation rate" shall be calculated as follows:
 - (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).

- (e) "Suspension rate" shall be calculated as follows:
 - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 June 30).
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).
 - (3) Divide (1) by (2).
- (f) "Expulsion rate" shall be calculated as follows:
 - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 June 30).
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).
 - (3) Divide (1) by (2).

01-13-15 [California Department of Education]
