For release to Davis media

The Davis School Board, the California School Employees Association, (Davis Chapter 572) and the Davis Teachers Association endorse propositions 1A-1F on the May 19 Special Election ballot.

Despite the undesirable reduction to public education funding it imposes, we believe the February 20, 2009 budget represents the best compromise of diverse ideologies within our government and among the people of California. Additional revenue cuts to Davis schools are very likely if this budget compromise is not enacted into law by California voters on May 19.

We believe passage of these propositions will help stabilize public school funding and reduce the likelihood of new cuts to the District's educational program and workforce.

Therefore, our organizations endorse Propositions 1A-1F so that we may continue to pursue our mission of providing a quality education for all students, so they may develop the knowledge, skills, abilities, and values to reach their full potential.
