Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

I have an enduring commitment to public education and to ensuring this vital resource is adequately funded in California. To fulfill my commitment, I have invested in developing good governance skills and working collaboratively to achieve shared goals. In addition, I have demonstrated strong communication skills and a talent for project management.

Please describe your activities and involvement on your local board, community, and/or CSBA.

I have served as a delegate of the California School Boards Association since 2010, representing the school boards of Yolo County. During that time, it has also been my pleasure to serve seven years on the Yolo County School Boards Association. In two of those years, I served as association president. My commitment to supporting public education is demonstrated through this service and through a number of public forums I have helped coordinate, including those on public school finance, class size reduction, the CORE district reforms, board governance candidates for school board, and a candidate forum for Superintendent of Public Instruction. In 2015, I served on CSBA's Adequacy Committee and will represent region 6A as a member of the Annual Education Conference Committee in 2016.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

The biggest challenge currently facing governing boards is the successful implementation of the Local Control Funding Formula and the creation of strong, effective Local Control and Accountability plans. This significant reform has created a new role for school board trustees and CSBA can provide governance training to support the transition.
