

California Careers Pathways Trust Competitive Grants

C.R.A.E.P.C. Summary Page

Title of Award:	Central Region Agriculture Education Pathways Consortium
Local Education Agency:	Galt Joint Union High School District
Award Amount:	\$15,000,000
Project Director:	Mark A. Anglin manqlin@calagteachers.org
DJUSD Pathways:	Agriculture Mechanics, Agriscience, and Ornamental Horticulture
DJUSD Funding	\$185,000 over 2 years, for each targeted pathway (totals based on program & needs assessments)

Goals for the grant are:

- Improve pathways and programs in 36 participating high schools
- Increase successful transition to postsecondary institutions
- Build on existing partnerships with regional employers to successfully transition students to careers in agriculture.

Success measures for the grant are:

- Student enrollment in the pathways
- Students graduating with post-secondary degrees or certificates in the pathways
- Students securing employment in related careers

Consortium members include:

- Galt Joint Union High School District is the fiscal agent for this grant
- 36 high schools
- 3 community colleges (Cosumnes River College, Merced College, Modesto Junior College)
- 3 universities (UC Davis, Cal Poly SLO, CSU Fresno).
- various industry and community partners and businesses

There are awards for pathway participation. DJUSD is participating in Agricultural Mechanics, Agriscience, and Ornamental Horticulture which equates to roughly \$185,000 for DSHS. There are also awards for capital expenses, travel, professional development, etc. The exact figures for partner schools will require a review of program needs and facilities.

California Careers Pathways Trust Competitive Grant

STREAM Summary Page

Title of Awarded:	Northern California STREAM Pathways Consortium
Local Education Agency:	Sutter County Office of Education
Award Amount:	\$7,701,570
Project Director:	Lori Perez, Yolo County Office of Education
DJUSD Pathways:	Animal Science; Hospitality
DJUSD Funding:	Approximately \$150,000 for the Animal Services and Food Services Pathways

The STREAM consortium was funded through the CA Career Pathway Trust Grant program. Sutter County Office of Education is the fiscal agent for the grant. Yolo County Office of Education is the co-administrator of the grant. Yolo COE is waiting on the MOU from Sutter so that we can set up our budget which includes district allocations and send out MOUs to our districts.

District Aligned Goals:

- Improve/enhance target pathways and programs
- Increase successful transition to postsecondary institutions
- Build on existing partnerships with regional employers to successfully transition students to careers.
- Enhancement of collaboration and integration with core academics and career technical education.

Success Measures (samples):

- Student enrollment in targeted pathways and programs
- Students graduating with post-secondary degrees or certificates in the pathways
- Students securing employment in related careers

Consortium members include:

- 23 high schools
- Yuba Community College District (Woodland and Yuba Colleges), Los Rios Community College (Sac City College), and Solano Community College.
- UC Davis, CSU Sacramento and CSU Chico
- Over 100 community partners/businesses

Other-

The grant budgets were required to be submitted by pathway. We have some flexibility in moving funds as needed. CDE representatives stated several times that the budget needed to directly affect the pathway and students. DJUSD is funded approximately \$150,000 year one and \$150,000 year two. 72,000 for Agriculture - Animal Science and 79,000 for Food Services Hospitality.
