

## **CONTRACT NAME: CONTRACT BETWEEN FLEETNET AND DAVIS JOINT UNIFIED SCHOOL DISTRICT**

**BRIEF DESCRIPTION OF CONTRACT:** This is an agreement between FleetNet and DJUSD to provide radios for each site as well as administrators.

Currently, DJUSD uses two devices for site and District level 2-way communications. The District provides AT&T walkie-talkie phones to each site and department and all sites are responsible for purchasing and maintaining their own 2-way radios which consist of different makes and models.

Through our safety audit, it was determined that our communication lacks standardization and the capability to communicate effectively both at the site level and district-wide. The District will replace the AT&T phones with new radios provided to each site and department by the District. These radios will allow all administrative and site-based radios to connect to the district-wide emergency channel.

This is a two-year agreement. The costs for the service will be \$17,063 annually, which will be a savings of approximately \$40,000 per year. No additional funds are being requested, since this expense is already included in the budget.
