

Davis Joint Unified School District
Second Interim Budget
Fiscal Year 2015-2016

Budget Considerations

- ◆ DJUSD has a strong tradition of academic excellence and fiscal responsibility.
- ◆ While State funding has increased, it is not enough to pay for all the services we'd like to have for our students and families at this time.
- ◆ The Board and administration are committed to invest returning dollars strategically and wisely towards the future of our District.

General Fund Budget Summary

- ◆ The District's funding is on an upward trend.
- ◆ The District's current "positive" budget certification is based upon:
 - ◆ Projected growth in LCFF revenue
 - ◆ Maintaining our existing level of programing and staff costs and spending down fund balance to cover budget deficits
 - ◆ Reducing the budget starting 2017-2018 based upon the outcome of the parcel tax measure election
- ◆ The District will need to continue the plan to use projected increases in State LCFF revenue to address deficit spending levels and to meet the future needs and costs of the District.
- ◆ Parcel tax revenues in the future:
 - ◆ In order to continue the parcel tax funded programs, the school board will need to run an election prior to July 2017.
 - ◆ Pending an election, the third year of the multi-year projection has no tax revenue and has associated reductions in staffing and program.

Second Interim Overview

- ◆ School districts are required to file two interim reports during each fiscal year on the status of the district's financial health.
- ◆ These reports must include a certification of whether or not the district is able to meet its financial obligations.
- ◆ A positive certification is assigned when the district can meet its financial obligations for the current and two subsequent fiscal years.

Our Budget Focus

- ◆ Revenue Projections
 - ◆ State Budget proposal
 - ◆ Projected Enrollment
- ◆ Staffing & Position Control
- ◆ Focus on General Operating Fund expenditures
