## Continuation Schedule of Services

### NTN Certification

#### Developmental Pathways for Teachers and Schools:

- Opportunity for staff members to be designated as New Tech Network Certified Teachers. NTN will identify and recognize teachers who exemplify quality facilitation and curriculum design. The process includes the use of tools for self-reflection, feedback on curriculum and facilitation practices, and a specific push for growth toward a high bar of expectations around responsiveness to student needs. Part of the process involves submission of student work given NTN's attentiveness to student outcomes and the teaching and learning that will elicit those outcomes.
- Opportunity for New Tech Network Certified Teachers to be designated as New Tech Network Certified Trainers. NTN will develop teacher-leaders as instructional coaches to insure long-term school and network health, sustainability, and adaptability. NTN Certified Trainers will develop the skills and knowledge to lead the learning of others.
- Opportunity for School to be certified as a New Tech Network Demonstration Site. NTN Demonstration Sites are held to high standards regarding their status as adaptive learning organizations. Criteria will be made available at the time of application.

New Tech Network reserves the right to amend the process, scope, duration, and availability of NTN Certification Professional opportunities on a yearly basis.

### Data Services

NTN School Data Reporting: NTN continues to develop tools that collect and report on critical data beyond test scores. This data helps the School measure both the quality of instruction and culture on campus and the success of graduates. District agrees to cause School to:

- Participate in NTN's annual collection efforts, including, without limit, collection and submission of 1) demographic data (e.g., enrollment, teacher experience data), 2) program data (e.g., thematic focus, internship participation), 3) achievement results (e.g., state test results, graduation rates, etc.), 4) college readiness results (e.g., SAT/ACT results), and 5) behavioral indicators (e.g., attendance, dropout rates). Data will be collected by NTN annually in the fall of each school year. Additionally, formative data may be collected by NTN periodically at different points in the year.
- Schools that participate in third party research activities agree to share these results with NTN.
- Participate in efforts to track students' college enrollment, persistence and graduation through National Student Clearinghouse by submitting a roster of high school graduates each year following graduation. The roster will include student name, birthdate, and high school graduation date, which are considered directory information (allowed to disclose) according to FERPA.
- Participate in network wide assessments and pilot programs, as opportunities arise with NTN, such as the College Work Readiness Assessment.

NTN supports schools in understanding its work and communicating successes by providing and interpreting data to create sustainable college readiness for all students. NTN data services to School and District includes:

- Provide information on the size, demographics, and health of network.
- Provide opportunities for schools to learn about school culture.
- Provide information to high schools who have graduated a freshman class on college enrollment and persistence through the National Student Clearinghouse.
- Communicate to schools other opportunities that arise and are deemed an appropriate fit including case studies, external research activities, and participation in the College Work Readiness Assessment.

## Continuation Terms and Conditions

A. New Tech Network offers a school education program (the “New Tech Model”) for the legitimate educational interest of: (i) preparing students to excel in an information-based, technologically advanced society; (ii) raising graduation rates and achievement test scores; and (iii) increasing college enrollment and the completion of college.

B. District desires New Tech School to continue as a member of the network of schools throughout the country and abroad that use and follow the New Tech Model (the “New Tech Network”).

C. The terms of the letter dated March 24, 2016, between the District and NTN to which these Terms and Conditions are attached (“Letter”), the Support Schedule to the Letter, and these Terms and Conditions together constitute the “Agreement” for purposes of these Terms and Conditions.

### 1. License and Services.

(a) *License.* New Tech Network hereby grants the District a limited, non-exclusive, non-transferable, non-sublicensable, and revocable right and license, during the term of this Agreement as provided for in Section 6 (the “Term”), to access and use (i) the New Tech Model as described in these Terms and Conditions, (ii) the website(s) and software related to the New Tech Model which is described in part in the Support Schedule (the “NTN Technology” or, for purposes of the Support Schedule, also referred to as “NTN Echo”), (iii) the resources, learning modules, webinars and other content made available to District through the NTN Technology, including but not limited to all resource libraries and project libraries owned or licensed by New Tech Network (collectively, “New Tech Learning Platform”); and (iv) the New Tech Network trade and service marks (“Marks”) in accordance with the Trademark Usage Policy provided by New Tech Network to District, all for the sole purpose of continuing to operate the New Tech School in District’s school district and subject to all terms and conditions provided for herein (collectively, the “License”). The New Tech Model, NTN Technology and New Tech Learning Platform are collectively referred to in these Terms and Conditions as the “New Tech Platform.” New Tech Network may update the functionality, user interface, or other aspects of the New Tech Platform from time to time in its sole discretion – the terms of this Agreement will apply to each such update.

(b) *Services.* District understands and agrees that neither the New Tech Platform nor any of the services provided pursuant to the Support Schedule (“Services”) are provided on an exclusive basis to District; New Tech Network may be engaged to provide identical, similar or other services to other school districts and entities during the term of this Agreement, including, without limit, granting some or all of the licenses set forth in Section 1(a). District further understands that the Services do not involve the management of or day-to-day operation of the New Tech School. District also understands that transmission of its data over the Internet is fundamentally necessary to the use of the New Tech Platform. New Tech Network uses commercially reasonable safeguards, commonly used by organizations similar in size and product line to New Tech Network, when transmitting and receiving data to and from the District. Even so, District acknowledges that New Tech Network cannot and does not guarantee the security of data transmitted over the Internet or through District’s local network.

## Continuation Terms and Conditions

(c) *Not Official Repository.* District agrees that: (i) the New Tech Platform is not the official repository for the District's and/or the New Tech School's educational, employee, student or other records; (ii) the District will maintain all such records it should or must maintain; and (iii) New Tech Network will not, under any circumstances, be responsible for a failure to maintain records within the New Tech Platform or elsewhere that the District should or must maintain as official records.

(d) *Third-Party Services Engaged by District.* New Tech Network (through the New Tech Platform or its literature) may reference, promote, make available, utilize and/or offer applications, hyperlinks to websites/platforms, products or services provided by entities other than New Tech Network, including, without limitation, training, implementation and other consulting services related to District's or New Tech School's implementation of the New Tech Model (collectively, "Third Party Services"). For avoidance of doubt, Third Party Services include, among other things, any applications, widgets, software, materials, products and/or services made available to District or a New Tech School under a separate agreement between the District/New Tech School and the provider of a Third Party Service. With respect to Third Party Services:

(1) New Tech Network makes no representations or warranties, whether or not such Third Party Services are approved, utilized, recommended or otherwise promoted by New Tech Network. New Tech Network is not responsible for the availability or the quality, accuracy, integrity, fitness, safety, security, reliability, legality, or any other aspect of any Third Party Service.

(2) To the extent applicable, any purchase by District of any Third Party Service is solely between District and the provider of the Third Party Service.

(3) Simultaneous with District's installation, use or enablement of a Third Party Service with New Tech Platform, District grants New Tech Network a right and license to provide, or permit the provider of such Third Party Service to access and use, any data or records (including, without limit, confidential student data) as may be requested or needed by the provider of such Third Party Service for the interoperation of the Third Party Service with the New Tech Platform. Any exchange of data or other interaction between District (or New Tech School) and the provider of a Third Party Service is solely between District and that provider. New Tech Network shall not be responsible for any disclosure, modification or deletion of any records or data resulting from any such access by the Third Party Service or its provider.

(e) *Suspension of Access.* District agrees that New Tech Network may with reasonably contemporaneous notice (including by telephone or email) to District suspend access to the New Tech Platform (or any part thereof) if New Tech Network reasonably concludes that the New Tech Platform is being used to engage in denial of service attacks, spamming, or illegal activity, or is causing immediate, material and ongoing harm to New Tech Network or others (each, a "Suspension"). In the event of a Suspension, New Tech Network will use commercially reasonable efforts to limit the Suspension to the offending portion of the New Tech Platform and to resolve the issue(s) causing the Suspension. District agrees that New Tech Network shall not be liable to District, the New Tech School nor to any third party for any Suspension.

## Continuation Terms and Conditions

### 2. District Obligations, Contributions and School Users.

(a) *Data Collection.* District will permit New Tech Network to gather school-wide data from the New Tech School for use in evaluating the on-going effectiveness of the New Tech School and the New Tech Model and for improving or modifying the same, for the purpose of creating statistics and reports to support grant applications and other financial support and funding in furtherance of District's educational interests, and for the purpose of publication in the education field.

(b) *District Input.* District will promptly notify New Tech Network should District identify any problems or issues with the New Tech Model as it applies to the New Tech School, including any issues, errors or malfunctions in the NTN Technology, the New Tech Learning Platform and/or in the Materials (as later defined herein).

(c) *District Contributions to the New Tech Learning Platform.* New Tech Network has created electronic resource libraries, electronic project libraries and other venues whereby content and materials may be contributed by and used by District and other parties. As between New Tech Network and the District, all right and title in and to Protected Student Data (as defined in Section 5(a)) is owned exclusively by the District. If District contributes any content or other material, excluding Protected Student Data, to the New Tech Platform (including, without limitation, to the New Tech Learning Platform) ("District Contributions"), it automatically grants New Tech Network and all users of the New Tech Platform, simultaneous with any such contribution, a perpetual, irrevocable, worldwide, transferable, and royalty-free license to use, reproduce, modify, create derivative works and otherwise make use of such District Contributions in any manner and through any media for the benefit of New Tech Network, existing and future users or contributors to the New Tech Platform, and any other New Tech Network authorized entity. The District hereby represents warrants and covenants that maintenance, access and/or use of the District Contributions, to the fullest extent permitted in this Agreement, will not violate or infringe upon any right of publicity or privacy, intellectual property right (e.g., copyright, patent, trademark, etc.), literary right, or any other right of any person or entity.

(d) *School Users.* The District is responsible for authorizing and regulating the use of the New Tech Platform by the District's employees and agents, as well as the New Tech School's employees, administrators, teachers, agents, students and the student's parents or guardians ("Users"). The District is further responsible for providing each such User a unique user name and passcode ("IDs") to permit the User to access the New Tech Platform. The District will inform Users that the ID's are not to be shared and are to be kept secure. The District agrees that the District is responsible for all of the activities of its Users, including those conducted under any IDs it issues (whether directly or through a New Tech School), and any User's compliance with any and all terms and conditions (Terms of Service, etc.) associated with the New Tech Platform.

3. Fees. District will pay New Tech Network's fee within thirty (30) days of the date of any and all invoices.

(a) *Payment.* District will pay New Tech Network in accordance with the schedule set forth in the Continuation Payment Schedule within thirty (30) days of the date of any and all invoices. Further, District acknowledges and agrees that any and all improvements in, additions to, revisions or translations of, changes or any other modifications of or developments relating to the NT Materials ("New Materials") belong to New Tech Network simultaneous with the creation of the same. Notwithstanding the foregoing and for avoidance of doubt, neither NT Materials nor New Materials includes District Contributions or Third Party Services. Except for the limited use rights granted under this Agreement, neither the District nor any User shall acquire any right, title or interest in any NT Materials or New Materials. Any rights to the NT Materials or New Materials not expressly granted in this Agreement are reserved to and for the sole benefit of New Tech Network.

District will cooperate with, and to the best of its ability, assist New Tech Network (at New Tech Network's expense) in New Tech Network's efforts to secure, vest, protect, record, further document or register such assignment and New Tech Network's rights in any New Materials, including but not limited to executing all papers reasonably desirable or necessary to further document this assignment and vesting of rights in New Tech Network.

(c) *Permitted Uses of NT Materials and New Materials under License.* Except with respect to the NTN Technology, the License includes a limited, revocable, non-exclusive, non-sublicensable and non-transferable license to District to the NT Materials and the New Materials (collectively, the "Materials") during the Term to engage in the following solely for the purpose of continuing to operate the New Tech School and for distribution to teachers, administrators, students, and parents or guardians of students as necessary to carry out the express purposes of this Agreement: (i) reproduce such Materials in copies, (ii) prepare derivative works based upon such Materials, (iii) distribute copies of such Materials, including by way of a restricted access internet site, by electronic mail or as required by law, (iv) publicly perform such Materials to groups of teachers, administrators, students, and parents or guardians of students associated with the New Tech School, (v) publicly display such Materials by way of a restricted access internet site, by electronic mail or as required by law, and (vi) perform such Materials publicly by electronic means through a restricted access internet site. New Tech Network

## Continuation Terms and Conditions

District will ensure that all copyright and other notices and designations of New Tech Network are maintained, and are not removed, on all copies and other reproductions and uses that are made of Materials.

(d) *Prohibited Uses.* District may not copy, distribute, reproduce, use or allow access to the Materials except as explicitly permitted under this Agreement, and District will not decompile, reverse engineer, disassemble or otherwise attempt to derive source code from the NTN Technology. No right is granted hereunder to rent the Materials, to use the Materials for commercial purposes, or to use the Materials to perform services for third parties (so-called "service bureau" uses).

### 5. Confidentiality.

(a) *FERPA Compliance.* District affirms that it has satisfied the requirements set forth in the Family Educational Rights and Privacy Act (20 U.S.C. 1232g *et seq*) and applicable regulations ("FERPA") to permit it to disclose to New Tech Network personally identifiable information from education records maintained by the District for students at the New Tech School ("Protected Student Data"). For purposes of clarity, Protected Student Data does not include those education records shared with New Tech Network from which all personally identifiable information has been removed. Each party will comply with privacy laws (including, without limit, FERPA) applicable to it as to Protected Student Data the District provides to New Tech Network. Notwithstanding the foregoing, the District will be solely responsible for: (i) obtaining any necessary consents required under FERPA for a student's use of the NTN Technology or the New Tech Learning Platform; and (ii) to the extent required by the Children's Online Privacy Protection Act or other law, disclosing (via acceptable use policies or otherwise) and obtaining any required consents for the collection of data or information from users of the NTN Technology or the New Tech Learning Platform, including the use of such data or information by the District or New Tech Network. The District will make evidence of compliance with this Section 5(a), including any required consents, available to New Tech Network upon request.

(b) *Non-Use and Non-Disclosure; Duty of Care.*

(1) The District hereby covenants and agrees that, except as expressly contemplated by this Agreement or any other agreement between the District and New Tech Network, it will not at any time: (i) use Confidential Information (as defined below) of New Tech Network except as reasonably required to comply with the terms of this Agreement; or (ii) except as required or permitted by law, disclose Confidential Information of the other party to any third party, without the prior written authorization of New Tech Network. Furthermore, the District will at all times protect New Tech Network's Confidential Information with the same degree of care, but no less than a reasonable degree of care, as it treats or protects its own confidential information of a like nature. The term "Confidential Information" will include all technical data, know-how and information not generally known to the public, and not readily ascertainable by proper means by outsiders, constituting or comprising or other information generally deemed to be of a private or personal nature in which the general public has no right of access under applicable state law. Unless specifically identified for use and distribution outside of the New Tech School constituency, all Materials are deemed to be the Confidential Information of New Tech Network.

## Continuation Terms and Conditions

(2) New Tech Network hereby covenants and agrees that, except as expressly contemplated by this Agreement, it will not at any time: (i) use District's Protected Student Data except as reasonably required to comply with the terms of this Agreement or provide the services described herein, including the use of the Database Host (as defined below); or (ii) except as required by law, disclose Protected Student Data to any third party, without the prior written authorization of District. Furthermore, New Tech Network will at all times safeguard the Protected Student Data with the same degree of care, but no less than a reasonable degree of care, as it treats or protects its own confidential information of a like nature. Upon request by District, New Tech Network will use commercially reasonable means or methods to allow District to access, modify, or terminate any Protected Student Data in the possession or under the control of New Tech Network.

(3) The New Tech Platform is used to upload academic and non-academic data to, and retrieve that data from, a database (the "Database"). District acknowledges that the Database will be hosted on equipment under the physical control of New Tech Network or of a reputable third party service provider ("Database Host") as selected by New Tech Network from time to time. New Tech Network represents that it has investigated the data privacy and data security practices of such Database Host and determined that it utilizes such safeguards as are common in the industry to protect the confidentiality of Protected Student Data, including without limitation, firewalls, patch management procedures, security monitoring and response methods, and other relevant data security measures. District may obtain specific information as to the Database Host utilized by New Tech Network by contacting New Tech Network pursuant to Section 11.

(c) *Required Disclosure by District.* If the District becomes legally required to disclose Confidential Information, or any part thereof, then the District will, to the extent permitted by law, give New Tech Network prompt notice of such requirement, cooperate with New Tech Network (at New Tech Network's cost) to the extent reasonable in taking legally available steps to narrow such required disclosure and disclose only that portion of the Confidential Information necessary to ensure compliance with such legal requirement. In the event of any breach or threatened breach of this provision, New Tech Network will be entitled to an injunction restraining the District from using or disclosing such Confidential Information in addition to any other remedy, at law or equity, which may be available to New Tech Network.

(d) *Required Disclosure by New Tech Network.* If New Tech Network becomes legally required to disclose Protected Student Data, then New Tech Network will, to the extent permitted by law, give the District prompt notice of such requirement, cooperate with the District (at the District's cost) to the extent reasonable in taking legally available steps to narrow such required disclosure and disclose only that portion of the Protected Student Data necessary to ensure compliance with such legal requirement. In the event of any breach or threatened breach of this provision, the District will be entitled to an injunction restraining the New Tech Network from using or disclosing Protected Student Data in addition to any other remedy, at law or equity, which may be available to the District.

### 6. Term; Termination.

(a) *Term.* The term of this Agreement will begin on the effective date set forth in the Letter and, unless terminated in accordance with Section 6(b) below, will continue through the expiration date set forth in the Letter. The term of this Agreement may be extended upon the written agreement of the parties.

## Continuation Terms and Conditions

(b) *Termination.* This Agreement will terminate prior to the expiration of its term as follows:

(1) At the non-breaching party's option, effective immediately, if a party materially breaches, violates or otherwise fails to comply with any of the terms contained in this Agreement and fails to cure such breach within thirty (30) days of receiving written notice of such breach from the non-breaching party;

(2) Automatically and effective immediately, if either party makes an assignment of this Agreement for the benefit of its creditors, becomes insolvent or seeks protection under any bankruptcy, receivership, trust deed, creditor's arrangement or composition, or if any comparable involuntary proceeding is instituted against such party and is not dismissed within ninety (90) days of such institution;

(3) At New Tech Network's option, effective immediately, if District fails to pay any amount due under this Agreement within thirty (30) days of its due date; or

(4) At either party's option, for its convenience and without cause, upon at least sixty (60) days' written notice ("Notice") to the other party. Upon receipt of a Notice from District of such termination, New Tech Network will cease operations as directed by the District in the Notice, take actions necessary or as the District may reasonably direct for the preservation of students' work and records, if any, in New Tech Network's possession. New Tech Network will be entitled to payment for: (i) services rendered prior to the effective date of the termination stated in the Notice; (ii) any expenses (within the limitations imposed by this Agreement) incurred prior to the effective date of the termination stated in the Notice; and (iii) any other costs and expenses (without regard to the limitations imposed by this Agreement) resulting from any action requested by the District in the Notice.

(c) *Effect of Termination.*

(1) If this Agreement is terminated due to the expiration of the Term and not due to any breach of District and during the Term District was in full compliance with this Agreement, then District will be permitted to continue to use under the License the Materials, so long as District will have executed a separate agreement with New Tech Network in which District agrees to make appropriate use of such licensed Materials, to protect the confidentiality of the Materials and to pay such ongoing fees as are negotiated in connection with the use of and support for the Materials.
