(Signature)

This form is the notice of completion that a property owner may record to limit the time in which mechanics' liens may be recorded against a construction project (refer to Civ. Code Sect., 3093). For this purpose an "owner" is the person who causes a building, improvement, or structure to be completed, modified, or fixed, whether the interest or estate is in fee, as a vendee under contract or purchase, as lessee, or other interest or estate less than fee. If the interest is held by two or more person as joint tenants or tenants in common, any one or more of the co-tenants may be deemed to be the owner. (Civ. Code Sect. 3092(g), 3093). **This form is for use with a private work of improvement only, and is not intended for public sector application.**

If the owner records the notice within the applicable time period, the original contractor has sixty (60) days from the day the notice is recorded to record a claim of lien against the project (Civ. Code Sect. 3115(b)); and all other persons

who furnished labor, services, equipment, or materials must record their liens within thirty (30) days after the notice of completion is recorded (Civ. Code Sect. 31). Otherwise, all persons who furnished labor, services, equipment, or materials have ninety (90) days after completion of the work of improvement in which to record their liens (Civ. Code Sects. 3115, 3116).

The owner must record the notice in the office of the County Recorder of the county where the site is located within ten (10) days after the work of improvement is completed (Civ. Code Sect. 3093). This applies equally to the project which is completed in phases. A notice of completion must be filed within ten (10) days after the completion of each phase of the project to shield the owner properly (Civ. Code Sect. 3117).
