Career Technical Education Incentive Grant Expenditure Guidelines

The following items must have prior approval and the local educational agencies (LEAs) should be meeting all of the elements of a high quality career technical education (CTE) program.

Architect Fees (NEW)

Architect fees related to a site improvement project may be requested if the grantee can show just cause as to why the district cannot pay the architect fees. An email must be sent to the CDE for approval prior to paying of any architect fees.

Structures

Any new building must be required to meet industry specific skills and health code requirements. Examples of allowable structures are greenhouses, barns, and culinary space. The request for new structures must be necessary and reasonable and the structure cannot be capable of being used by non-CTE programs.

Travel Expenses (NEW)

Out of state travel for staff must have approval from the CDE prior to making any travel plans. Out of state travel for students requires the district to complete a waiver of *Education Code 35330(b)3*. Wavier information can be found at <http://www.cde.ca.gov/re/lr/wr/> on the CDE website.

Vehicles

Purchasing a vehicle is an allowable expense with written approval from the CDE. The vehicle's primary use must be CTE industry specific. The LEA must submit proof the district will assume maintenance, registration, and insurance on the vehicle once purchased.

LEAs requesting permission to purchase any of the above items must show they are reasonable, necessary for the purpose of CTE, and sustainable after the end of the grant term.
