SUBJECT: REVIEW OF FIRST INTERIM REPORT FISCAL 2016/17

The Yolo County Office of Education's staff reviewed the District's 2016/17 First Interim Report in compliance with provisions of Education Code 42130. Also reviewed were the District's standards and criteria for fiscal stability under the provisions of Education Code 33127.

Based on the multi-year projections and assumptions provided by the District, it appears the District will be able to meet its financial obligations for the current and two subsequent fiscal years. The Yolo County Superintendent of Schools **approves** the District's positive certification of the First Interim Report with the following comments:

SALARY AND BENEFIT NEGOTIATIONS

According to the information provided in the 2016/17 Interim Report, salary and benefit negotiations for the bargaining units have been settled.

The District should consider building in contingencies for emerging expenditure requirements from the CALSTRS, CALPERS pension obligations and the rising costs of health insurance.

MULTI-YEAR COMMITMENTS

It should be noted that the District has multi-year commitments funded by sources other than the General Fund. If revenues and/or sources of revenues designated for these multi-year commitments were to dry up, they would become the responsibility of the General Fund.

ENROLLMENT

The Interim Report assumes an increase in enrollment for the current fiscal year 2016/17, and the next two fiscal years 2017/18 and 2018/19. We strongly encourage the District to closely monitor enrollment projections, making adjustments as necessary and implementing contingency plans should the enrollment projections not materialize.

MULTI-YEAR PROJECTIONS

The multi-year projection shows the District is able to meet its required reserves through fiscal year 2018/19. With the Local Control Funding Formula (LCFF), year-to-year funding changes are a result of changes in ADA, including shifting ADA between grade spans, unduplicated English Learners, Free and Reduced and

Foster Youth counts, and the percentage of implementation (gap) funding. We strongly encourage the District to monitor student unduplicated counts, and to perform a risk analysis of the ability to absorb changes in out-year funding estimates as projected by the Department of Finance's gap percentages.

Also, while prioritizing new expenditures, we encourage the District to be mindful of the need to keep budgets aligned with their Local Control and Accountability Plan (LCAP), while maintaining fiscal flexibility and solvency.

We noted the general fund is projected to have deficit spending for all three fiscal years; 2016/17, 2017/18 and 2018/19. Also, we noted other funds are projected to have deficit spending. We urge the District to closely monitor this spending and the potential impact it will have on the General Fund.

DESIGNATION FOR ECONOMIC UNCERTAINTIES

The Designation for Economic Uncertainties is an amount that is set aside from unrestricted resources and is expressly for major unforeseen events that would otherwise jeopardize the budget plan. Such a designation is not for expenditures that are known or can be anticipated. We believe these percentages are the bare minimum. We commend Davis for having a board policy for maintaining above the minimum reserves.

Currently, \$7,073,414 is designated for economic uncertainties, which complies with the requirement for a district of your size.

GOVERNOR'S PROPOSALS FOR THE STATE BUDGET 2017/18

On January 10th, 2017, the 2017-18 Governor's Budget proposal was presented to the legislature. The governor proposes \$3.2 billion in actions to reduce spending growth, resulting in a significant reduction in GAP funding available for school districts from \$2.2 billion to \$744 million.

The County as in the past reminds school districts of the requirement of AB1200 to maintain a positive certification by having adequate cash and district reserves to meet the financial obligations for the current year and two subsequent fiscal years.

In closing, we appreciate the cooperation and positive working relationship with your Associate Superintendent of Business Services, Bruce Colby and Director of Fiscal Services, Omaira Reyna.
