

DAVIS JOINT UNIFIED SCHOOL DISTRICT

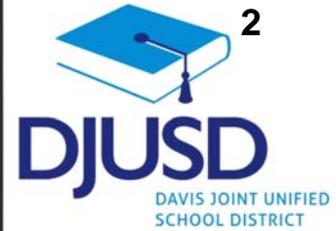

2017-2018 SECOND INTERIM BUDGET UPDATE

MARCH 1, 2018

BRUCE COLBY
CHIEF BUSINESS AND OPERATIONS OFFICER

SECOND INTERIM BUDGET PLANNING SUMMARY

The Second Interim Report in March includes updates since the last budget, review of actuals to date and projections for next year using the Governor's January Budget proposals. The report will include changes in budget projections for the current year as well as future year projections.

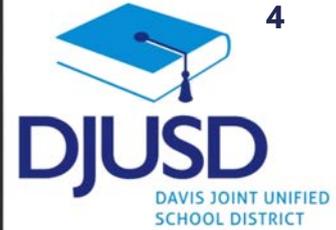

The specific updates will include LCFF and other funding changes from the Governor's January State budget proposal, updates to projected student enrollment and attendance (ADA), updated staffing from enrollment changes and actual payroll costs, spending commitments and Board-approved changes.

Multiyear Projections (MYP)

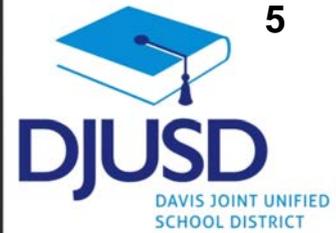

- Multiyear Projections are required by AB 1200 (Chapter 1213/1991) and AB 2758 (Chapter 52/2004)
- Multiyear financial planning is a sound business practice that all well-run organizations do regardless of any legal requirements
- Recognize that MYPs are projections, not forecasts
 - Projections are expected to change as various factors change – they are not predictions
 - Projections are the mathematical result of today's decisions based on a given set of assumptions
 - Forecasts are predictions of the future – there is a higher implied reliability factor than for projections
- Projections will change any time the underlying factors change – therefore, plan to adjust as conditions change

BUDGET CONSIDERATIONS

- DJUSD has a strong tradition of academic excellence and fiscal responsibility.
- While State funding has improved, it's not enough to pay for all the services we'd like to have for our students and families.
- The Board and administration are committed to invest dollars strategically and wisely towards the future of our district.

STATE BUDGET UPDATE

DJUSD BUDGET OUTLOOK

■ Staffing and Program

- The Budget includes increases for mandated programs that are part of the State budget regulations:
 - Progress towards K-3 Class Size to 24:1 average by site
 - Routine maintenance at 3% of total expenditures
- The district must show adequate program support and services for the LCFF supplemental program funds allocated based upon the Unduplicated Count of students of need.
- The district has other planning goals for the Strategic Plan and the Local Control Accountability Plan (LCAP) that need to be reviewed as part of the long-term budget planning.

DJUSD BUDGET OUTLOOK

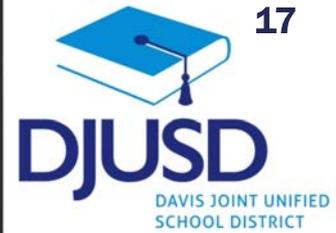

■ Program

■ Curriculum Adoption and Standards

- In the past, State funding model, adoptions and state mandated instructional materials were funded using restricted categorical funds for this specific purpose.
- In the new Local Control funding model, districts need to develop local plans to support these adoptions from LCFF or other funds.
- During the State budget crisis, mandated curriculum adoption dates were suspended through 2015-16.
- *Projected needs of \$1-2 Million for future materials adoptions*

*** Not funded in current District budget assumptions**

DJUSD BUDGET OUTLOOK

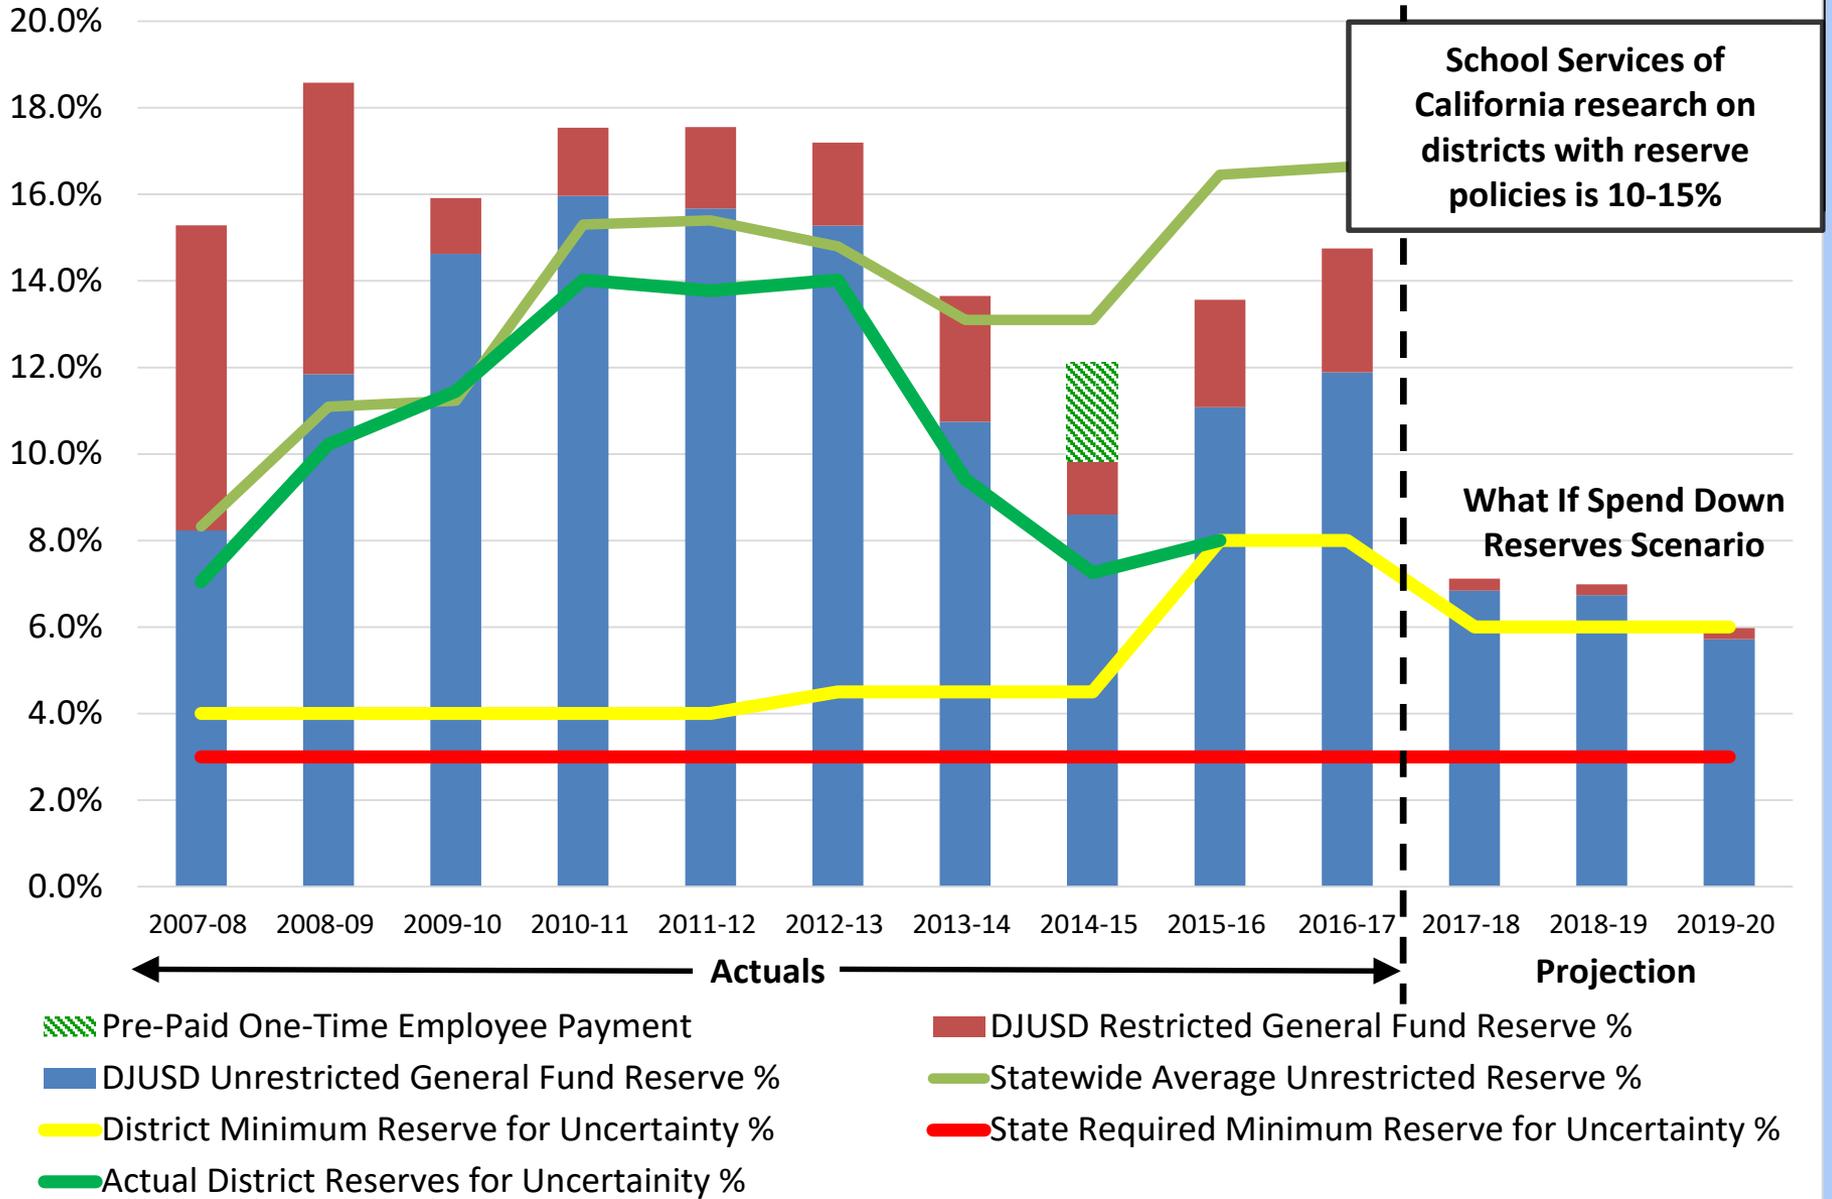

■ Program

■ Instructional Technology

- In the past State funding model, site instructional technology was funded using restricted categorical funds allocated to sites.
- In the new Local Control funding model, districts need to develop local plans to support site instructional technology from LCFF or other funds.
- New testing and assessment processes and curriculum adoption standards require investments in site instructional technology.
- *Projected needs of \$125 to \$150 thousand per year*

*** Not funded in current District budget assumptions**
