## Background

Health Connected is a nonprofit corporation whose mission is to equip young people with information, skills and support to make thoughtful choices about their relationships and sexual health throughout their lifetimes. Health Connected serves students and families through its sexual health education programs in the San Francisco Bay Area and offers its curricula and training to educators throughout the country. Health Connected has developed and provides sexual health education programs, using their Teen Talk and Puberty Talk curricula.

Teen Talk High School Refresher is a high-school curriculum targeting 11<sup>th</sup> and 12<sup>th</sup> grade students that is designed to increase knowledge and decision-making around the following topics: STI and pregnancy prevention, accessing clinical services, sexual safety and consent, communication with peers, partners and trusted adults about sexual issues and behaviors, and identifying healthy, unhealthy and abusive relationships. Teen Talk educates youth about the importance of sexual health education through in-school lessons. Teen Talk is designed to comply with California Education Code Sections 51930-51939 for delivery of comprehensive sexual health education and HIV/AIDS prevention education in public schools, and to meet the California Health Content Standards for Growth, Development, and Sexual Health.

Puberty Talk is a curriculum for Grades 5 and 6 that addresses changes during puberty, reproductive anatomy, pregnancy, decision-making, personal boundaries, and communication. Puberty Talk consists of in-school lessons and is designed to meet the California Health Content Standards for Growth, Development, and Sexual Health.
