### MCT Vision Screening Contract 2018-19

Contractor or his agents shall provide Modified Clinical Technique Vision Screening Services for children enrolled in Davis Joint Unified School District.

The specific days for testing are to be mutually agreed upon by contractor and School District. The School District shall designate which children are to be tested as well as the school site(s) where testing is to occur.

Contractor or his agents agree to test up to approximately Three Hundred ( 300) students per day. For these services contractor shall be paid Three Dollars per student and not less than Four hundred and Fifty dollars per day, whichever is greater.

Contractor must be notified at least ten (10) days prior to the cancellation of any screening day by the School District in order to avoid being charged for that testing day.

Payment for services is due thirty days after the final day of testing.
