DAVIS JOINT UNIFIED SCHOOL DISTRICT

PROFESSIONAL SERVICES AGREEMENT

THIS PROFESSIONAL SERVICES AGREEMENT (the “Agreement”) is made and entered into as of November 15, 2018 (the “Effective Date”) by and between the Davis Joint Unified School District, a public school district of the State of California (the “District”), and HMC Group (“Provider”). The District and the Provider are collectively referred to in this Agreement individually as “Party” and collectively as the “Parties.” This Agreement is made with reference to the following facts:

WHEREAS, the District requires services and/or advice of a specialized and technical nature in connection with certain financial, economic, accounting, consulting and/or administrative matters and such services and advice are not available within the District and cannot be performed satisfactorily by District employees; and

WHEREAS, Provider possesses the necessary knowledge, experience, and ability to perform services not available through District personnel, and Provider is experienced and competent to provide to the District certain specialized services and/or advice in one or more of the foregoing areas; and

WHEREAS, the District desires to engage Provider pursuant to Government Code Section 53060 because of Provider’s experience and competence, and Provider desires to be engaged by the District; and

WHEREAS, the District and Provider desire to reduce to writing the terms and conditions of the District’s engagement of Provider; and

NOW, THEREFORE, in consideration of the mutual covenants set forth below, the Parties hereby agree as follows:

ARTICLE 1. SERVICES TO BE PERFORMED BY PROVIDER

Section 1.1 Performance Of Services.

Provider agrees to perform services for the District as described in Appendix A to this Agreement (the “Services”) and shall provide other services as may be requested by the District from time to time.

Section 1.2 Method Of Performance And General Supervision.

Provider will determine the methods, details, and means of performing the Services required by this Agreement. Subject to the foregoing, the District retains the right to inspect, to stop work, to prescribe alterations and generally to monitor Provider’s work to ensure its conformity with the terms of this Agreement.

Section 1.3 Employment Of Assistants.

Provider may, at Provider's own expense, employ such assistants as Provider deems necessary to perform the services required of Provider by this Agreement. District may not control, direct, or supervise Provider's assistants or Providers in the performance of those services.

Section 1.4 Provider's Certifications, Representations and Warranties

Provider makes the following certifications and representations for the benefit of the District. Provider acknowledges and agrees that the District, in deciding to engage Provider pursuant to this Agreement, is relying upon the truth and validity of the following certifications and representation and their effectiveness throughout the term of this Agreement and the course of Provider's engagement hereunder.

(a) Provider is qualified in all respects to provide to the District all of the services contemplated by this Agreement and, to the extent required by any applicable law, Provider has all such licenses and/or governmental approvals as would be required to carry out and perform for the benefit of the District, such services as are called for hereunder.

(b) Provider, in providing the services and in otherwise carrying out its obligations to the District under this Agreement, shall, at all times, comply with all applicable federal, state, and local laws, rules, regulations, and ordinances, including workers' compensation and equal protection and non-discrimination laws.

(c) Provider will perform their services hereunder in a professional manner, using the degree of care and skill ordinarily exercised by, and consistent with, the current professional practices and standards of a professional practicing in California. The Provider will furnish, at their expense, those services that are set forth in this Agreement and represents that such services are within the technical and professional areas of competence of the Provider or any sub-Provider the Provider has engaged or will engage to perform the service(s).

ARTICLE 2. TERM AND TERMINATION

Section 2.1 Term.

(a) This Agreement shall become effective on the Effective Date and shall continue through November 30, 2019 (the "Term"), unless the Agreement is earlier terminated by either Party in accordance with Section 2.2, below. Pursuant to Education Code Section 17596, the Agreement Term including all renewals shall not exceed five (5) years.

Section 2.2 Termination.

(a) This Agreement may be terminated by either Party upon fourteen (14) days written notice to the other Party in the event of a substantial failure of performance by such other Party, including insolvency of Provider or if the District should decide to abandon or indefinitely postpone the Project.

(b) In the event of a termination based upon abandonment or postponement by District, the District shall pay the Provider for all services performed and all expenses incurred under this Agreement supported by documentary evidence, including payroll records, and expense reports up until the date of the abandonment or postponement, plus any sums due to the Provider for Board-

approved extra services. In ascertaining the services actually rendered hereunder up to the date of termination of this Agreement, consideration shall be given to both completed work and work in process of completion and to complete and incomplete drawings and other documents, whether delivered to the District or in the possession of the Provider. In the event termination is for a substantial failure of performance, all damages and costs associated with the termination, as determined by a forum of competent jurisdiction, including increased Provider and replacement Provider costs, shall be deducted from payments to the Provider.

(c) In the event a termination for cause is determined to have been made wrongfully, or without cause, then the termination shall be treated as a termination for convenience in accordance with Section 2.2 (d) below, and Provider shall have no greater rights than they would have had if a termination for convenience had been effected in the first instance. No other loss, cost, damage, expense or liability may be claimed, requested or recovered by Provider.

(d) This Agreement may be terminated for convenience by District without cause, upon twenty (20) days written notice to the Provider. In the event of a termination without cause, the District shall pay to the Provider for all services performed and all expenses incurred under this Agreement supported by documentary evidence, including payroll records, and expense reports up until the date of notice of termination, plus any sums due the Provider for Board-approved extra services. In ascertaining the services actually rendered hereunder up to the date of termination of this Agreement, consideration shall be given to both completed work and work in process of completion and to other documents, whether delivered to the District or in the possession of the Provider.

(e) In the event of a dispute between the Parties as to performance of the work or the interpretation of this Agreement, or payment or nonpayment for work performed or not performed, the Parties shall attempt to resolve the dispute in good faith. Pending resolution of this dispute, Provider agrees to continue the work diligently to completion and the District agrees to make progress payments in accordance with this Agreement, except that the District may withhold only those funds that are in dispute. In no event shall the District withhold more than ten (10%) of the Provider's total fee. If the withheld amount is greater than the maximum limit set forth above, the Provider shall be entitled to a reasonable meet and confer period with the District in an attempt to resolve the dispute in good faith prior to any decision to suspend services pending the formal resolution of the dispute. The Parties may agree in writing to submit any dispute between the Parties to arbitration. The District agrees to pay the Provider the undisputed amounts due under this Agreement.

The Parties understand and agree that this Termination Article shall govern all termination rights and procedures between the Parties. Any termination provision that is attached to this Agreement as an Exhibit shall be void and unenforceable between the Parties.

ARTICLE 3. COMPENSATION

Section 3.1 Terms Of Payment.

[Section 3.1 and 3.3 to be modified by the District as needed to address specific payment terms.]

Information by Provider. The Provider hereby agrees to forever hold the Confidential Information in strict confidence and secret; provided, however, that Provider may disclose any or all of the Confidential Information to any corporation, partnership, trust, firm or other business entity not affiliated with the District if prior written consent of the District is obtained by Provider.

(i) Does not relate, at the time of conception or reduction to practice of the invention, to District's business or to District's actual or demonstrably anticipated research or development; or

(ii) Does not result from any work performed by Provider for District.

Section 5.2 Use of Copyrighted Materials.

Provider warrants that any materials provided by Provider for use by District pursuant to this Agreement shall not contain any material that is protected under the Copyright Act or any other similar law, except to the extent of "fair use," as that concept is defined in the Copyright Act, and except to the extent that Provider has obtained permission to use such work from the copyright holder. Provider shall be solely responsible for ensuring that any materials provided by Provider for use by District pursuant to this Agreement satisfy this requirement. Provider agrees to hold District harmless from all liability or loss, including debt or exercise for attorneys' fees to which District is exposed on account of Provider's failure to perform this duty.

Neither Provider nor its employees, agents or independent Providers shall become an employee, joint venturer, partner, agent or principal of the District while this Agreement is in effect. Provider's employees, agents and independent Providers shall not be entitled to the rights or benefits afforded to the District's employees, including disability or unemployment insurance, workers' compensation, medical insurance, sick leave or any other employment benefit.

Section 6.5 Governing Law.

This Agreement shall be governed by and construed according to the laws of the State of California that would apply if all Parties were residents of California and the Agreement was made and performed in California.

Section 6.7 Assignment.

This Agreement shall not be assigned by either Party without the prior written consent of the other Party.

Section 6.8 Order of Precedence.

In the event of any conflict or inconsistency in the interpretation of this Agreement (including Attachments), such conflict or inconsistency shall be resolved by giving precedence to the body of this Agreement, then to the Attachments.

Section 6.9 Agreement Interpretation.

This Agreement is the result of arm's length negotiations between the Parties, and shall be construed as drafted by all Parties such that any ambiguities shall not be construed against either Party.

Section 6.10 Counterparts.

This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, and will become effective and binding upon the Parties as of the Effective Date at such time as all signatories hereto have signed a counterpart of this Agreement.

If the project is suspended by the Owner for more than ninety (90) consecutive days, the Architect may terminate the Agreement, by giving not less than seven (7) days written notice.

Project Scope Changes

When compensation is based on percentage of Construction Cost and any portions of the Project are deleted or otherwise not constructed, compensation for those portions of the Project shall be payable to the extent services are performed on those portions, in accordance with the progress payment schedule as set forth in this Agreement, based on (1) the lowest bona fide bid or negotiated proposal, or (2) if no such bid or proposal is received and/or awarded, the most recent preliminary estimate of Construction Cost or detailed estimate of Construction Cost for such portions of the Project. If the scope of the Project or of the Architect's services is increased, the Architect's fees shall be increased accordingly. If the scope of the Project and the Architect's services is reduced, the Architect's fee shall be reduced only as applicable to the portions of the Architect's services that were not performed as of the date of such changes, and that would be reduced by such change in scope.

Termination

Either the Owner or Architect may, for any reason, terminate this Agreement upon not less than seven (7) days written notice to the other party. In the event of termination, the Architect shall be compensated for services performed prior to termination, together with Reimbursable Expenses then due. Termination Expenses are in addition to compensation for Basic and Additional Services and shall be computed as five percent (5%) of the Basic Services and Additional Service Fees.

Owner's Responsibility

The Owner shall provide full information, including a program which sets forth the Owner's objectives, schedule, constraints, and budget, with reasonable contingencies and criteria. The Owner shall also furnish any reports, tests, surveys, permits, inspection or other documentation of information or consultants reasonably requested by the Architect. All of foregoing shall be furnished at the Owner's expense, and the Architect shall be entitled to rely upon the accuracy and completeness thereof.

Attachment "C"

Architect of Record

Should the Project proceed beyond the phases of services in this Agreement, the Owner shall designate HMC as the Architect of Record for the Project and will enter into a mutually agreeable Owner/Architect Contract for the remaining phases of services to complete the Project.

Ownership of Documents

The Owner acknowledges that the Architect's Drawings, Specifications, Other Documents, Three Dimensional Computer Models and other design models are instruments of professional services. Nevertheless, the Drawings, Specifications, Other Documents, Three Dimensional Computer Models or other design models prepared under this Agreement shall become the property of the Owner upon completion of this Project and upon payment of all amounts due the Architect. The Architect, however, shall be deemed the author of these documents and shall retain all common law, statutory, and other reserved rights, including the copyright. Should the Owner or any other person, firm or legal entity use, reuse or modify the Architects' Drawings, Specifications, Other Documents, Three Dimensional Computer Models or other design models prepared under this Agreement, for other than the Owner's use and occupancy of the completed Project, the Owner agrees to indemnify, defend, and hold the Architect harmless from and against any and all claims, liabilities, suits, demands, losses, costs, and expenses, including reasonable attorneys' fees and all legal expenses and fees incurred on appeal, and all interest thereon, accruing or resulting to any and all persons, firms or any other legal entity, arising out of such use, reuse or modification of the Architect's Drawings, Specifications, Other Documents, Three Dimensional Computer Models or other design models, except where the Architect is found to be solely liable for such damages or losses by a court or forum of competent jurisdiction.

Electronic Files

When requested by Owner, the Architect may transfer documents in electronic file formats to the Owner. The creation of the computer files shall be considered an additional service and the Architect shall be compensated on an hourly basis. By accepting these files/disks and the above stipulations, the Owner agrees to indemnify the Architect, its agents and all consultants against all claims, resulting from the use of these files and the information they contain, by the Owner or their own Consultants, Contractor, Subcontractors, suppliers and all others who receive these files or data. In no event shall the Architect be liable for any loss or profit or any consequential damages as a result of the Clients use or reuse of the electronic files. Owner understands and agrees the Architect relies on various forms of data transmission by an uninterrupted delivery of electrical and telephone service as a means of conducting Architect's business, including the Internet, and that the Internet may be used for intentional and malicious purposes, including transmission of electronic applications commonly referred to as computer "viruses" or "worms". While the Architect endeavors to eliminate the propagation of such applications through its systems and network, the Architect has no control over the actions of third party internet service providers or users of the Internet or similar systems. Consequently, the Owner agrees to waive all claims against the Architect for the propagation of virus applications that may cause damage of any kind to the Owner unless the Architect was the creator of the virus.

Software and Data Exchange Protocols

The Owner and Architect shall, at the earliest practical moment, meet and delineate the types of software to be used on the Project and establish protocols, standards and tolerances as may be required for the proper execution of the Work. If applicable, the Owner and Architect shall work together to establish the permitted uses for all digital information, including the Model, to be exchanged on the Project. Such determination shall be set forth in the BIM Addendum, or other similar document, that shall be incorporated by reference into all agreements for services or construction of the Project.

Limitation of Liability

In recognition of the relative risks and benefits of the project to both the Owner and the Architect, the risks have been allocated such that the Owner agrees, to the fullest extent permitted by law, to limit the liability of

the Architect and his or her subconsultants to the Owner and to all construction contractors and subcontractors on the project for any and all claims, losses, costs, damages of any nature whatsoever or claims expenses from any cause or causes, so that the total aggregate liability of the Architect and his or her subconsultants to all those named shall not exceed the Architect's total fee paid for services rendered on this project. Such claims and causes include, but are not limited to negligence, professional errors or omissions, strict liability, breach of contract or warranty. Further, no officer, director, shareholder, or employee of Architect shall bear any personal liability to Owner for any and all injuries, claims, demands, losses or damages of any nature.

Insurance

During the term of this Agreement, the Architect agrees to provide evidence of insurance coverage of five million dollars (\$5M) Professional Liability (Errors and Omissions). In addition, the Architect agrees to attempt to maintain continuous professional liability coverage for the period of design and construction of this project if such coverage is reasonably available at commercially affordable premiums. The Architect further agrees that the applicable subconsultants will be required to maintain a minimum of one million dollars (\$1,000,000) Professional Liability (Errors and Omissions) coverage. For the purposes of this Agreement "reasonably available" and commercially affordable" shall mean that more than half the Architect's practicing in this state in this discipline are able to obtain such coverage. Nothing contained in the Agreement or otherwise is intended to create a fiduciary relationship between the parties.

Mediation

In an effort to resolve any conflicts that arise during the design or construction of the Project or following the completion of the Project, the Owner and the Architect agree that all disputes between them arising out of or relating to this Agreement shall be submitted to nonbinding mediation unless the parties mutually agree otherwise.

The Owner and the Architect further agree to include a similar mediation provision in all agreements with independent contractors and consultant retained for the Project and require all independent contractors and consultants also to include a similar mediation provision in all agreements with subcontractors, subconsultants, suppliers or fabricators so retained, thereby providing for mediation as the primary method for dispute resolution between the parties to those agreements.

If the parties do not resolve a dispute through mediation, the method of binding dispute resolution shall be litigation in a court of competent jurisdiction. Architect shall make no claim against Owner without first providing Owner with a written notice of damages and providing Owner thirty (30) days to cure before an action is commenced. The Owner shall make no claim either directly or in a third party claim, against Architect unless the Owner has first provided Architect with a written certification executed by an independent architect currently practicing in California. This certification shall a) contain the name and license number of the certifier; b) specify each and every act or omission that the certifier contends is a violation of the standard of care expected of an architect performing architectural services under similar circumstances; and c) state in complete detail the basis for the certifier's opinion that each such act or omission constitutes such a violation. This certificate shall be provided to Architect not less than thirty (30) calendar days prior to the presentation of any claim or the institution of any judicial proceeding.

Assignment

Neither party to this Agreement shall transfer, sublet or assign any rights under or interest in this Agreement (including but not limited to monies that are due or monies that may be due) without the prior written consent of the other party.

Hazardous Materials

It is acknowledged by both parties that the Architect's scope of services does not include any services related to asbestos or hazardous or toxic materials. In the event the Architect or any other party encounters asbestos or hazardous or toxic materials or toxic mold at the jobsite, or should it become known in any way that such materials at the jobsite, or any adjacent areas that may affect the

performance of the Architect's services, the Architect may, at the Architect's option and without liability for consequential or any other damages, suspend performance of services on the project until the Owner retains appropriate specialist consultant(s) or contractor(s) to identify, abate, and/or remove the asbestos or hazardous or toxic materials, and warrant the jobsite is in full compliance with the applicable laws and regulations.

Consequential Damages

The Architect and the Owner waive consequential damages for claims, disputes or other matters in question arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination.

Third Party Contracts

The Owner shall, upon request of the Architect, supply a copy of the executed Agreement with the Owner's Construction Manager or Project Management Firm, relating to services provided under this Agreement. The Owner shall require that the Contractor and Construction Manager or Project Management Firm (if any) defend, indemnify and hold harmless the Architect for any claims or damages arising from their respective work on the project.

LEED Certification

If required within the attached scope of work, the Architect shall make every professional effort, within it's reasonable control consistent with industry standards, to obtain LEED Certification. In recognition of the fact the LEED Certification depends on other parties that the Architect cannot control, the Owner agrees that the Architect cannot warrant, represent or guarantee that LEED Certification will be subsequently awarded. In addition, any building simulation analysis performed as part of the services provided reflects the Architect's best judgment as a design professional familiar with the industry, but cannot be assumed to be an accurate portrayal of, and may vary from, actual building performance.
